DogsInVests has been training and placing service dogs with children and young adults with autism since our inception in 2017. We are currently training five service dogs that will be placed with individuals over the next 24 months. We are adding another new puppy to our training program in early 2024. DogsInVests placed our first service dog with his recipient in July 2020, a second dog was placed in August 2021 and third dog was placed in August 2022. We placed a fourth dog in May 2023. DogsInVests specializes in the training and placement of service dogs for children and young adults with autism in Southeastern Wisconsin. The average cost to train, feed, and maintain the health of our service dogs from puppy to placement is approximately \$25,000.00 per dog. DogsInVests also facilitates awareness-building presentations that educate children and families about autism, the benefits of service dogs for individuals with autism, and how to behave around a working service dog. DogsInVests has hosted several of these presentations in local schools, churches and community organizations reaching hundreds of individuals since our founding. To ensure that we are reaching those who may be in need of a service dog at no cost, we engage and develop relationships with autism organizations, therapists and advocate agencies who then provide referrals to our organization.

Growing up in West Virginia... pollinators were so abundant, I took them for granted! After living in the Kenosha area for a few years, I noticed there weren't many honeybees around. To help solve this problem, I began taking beekeeping classes and engaged in mentorships with some gracious local beekeepers. It didn't take long before this intended "hobby" became a full-blown passion. If you value pollinators as much as my wife and I do, you'll love our cause AND our honey! A lot of love and hard work goes into every bottle- from both the honeybees and our family. We are thrilled that you are visiting our page and taking an interest in saving the honeybees- we whole-heartedly hope you EnJOY the Buzz!

Farmer's Market TO GO offers Wisconsin farmer's and producers the opportunity to purchase dry, refrigerated, or frozen retail space at cost of buildout, share monthly expenses and keep 100% profit. Farmer's Market TO GO is organized as an LLC and may eventually have its own product in the form of preserving local produce, but will not earn profit from its members. Farmer's Market TO GO also offers assistance to cottage bakers who wish to get licensed for retail by organizing meetings with DATCP, County Health Department, and finding or building an appropriate commercial kitchen space. Opening November 1, 2024

Fevolden Farm is a family owned farm in west central Wisconsin, just outside Black River Falls. The farm has been in the family over 150 years since Ole Olson Fevolden came to America from Norway in 1869. In 2002 the current generation formed a partnership to begin raising Huacaya alpacas. We shear the alpacas in the spring. This gives us their warm soft fiber to make into yarn and other products and helps prevent heat stress in the animals. We process the fiber in our studio in Cottage Grove, WI to produce yarn, hats, scarves and other products. Products are sold at our Black River Falls and Cottage Grove locations as well as at local craft/fiber events and now through our online store.

We are a company that would like to make African food popular in America. We looked at doing our Ghana Style Peanut Brittle first since that has an American product that people could relate to. We teamed up with Sweet P's Pantry out of Oconomowoc, WI and did a few test runs to make sure we captured the flavor just like it's made in Ghana. Sweet P's did a great job, and the product has been a hit since we unleashed it in the Wisconsin market. What does Ghana Style mean? It is simply made with a lot of chopped peanuts, cane sugar, water, and salt. No corn syrup, butter, (yes this is Vegan), preservatives, baking soda, etc. it is also gluten free. The best thing about it is it doesn't stick to your teeth. We also use several local companies to help us in our quest to get the product out.

**Description:**

We're a small non-profit that grows tomatoes and chilies in Milwaukee to make super local salsa. The sale of the salsa goes to support several Milwaukee based charities. This was our first year of operation, and we only sold salsa at community markets under the Cottage Food Laws. We want to formalize the business with the appropriate food licensing, and we were also interested in this trademark. We heavily emphasize local goods, since our product is grown and packaged in Milwaukee County, with all of our profits going to Milwaukee based charities. We believe the "Something Special from Wisconsin" branding would help clearly get our mission and message across via our labeling.

### Description:

American ginseng roots by Hsu's Ginseng are available in several families and sizes for a multitude of uses in foods, soups, teas, and gift-giving. American ginseng is a yin (cooling) tonic, for those who are yang (hot) in nature. It is recommended for all ages and sexes, for all seasons, and for daily, long-term use. As an adaptogen, a natural substance known to normalize body functions, American ginseng helps the body to utilize other substances more efficiently and supports elimination of those toxic substances that affect the body's well-being. Hsu's Ginseng Enterprises, Inc. is the world's premier American Ginseng grower, importer and exporter of the storied crop since 1974. Hsu's defines the international American ginseng trade through numerous export awards at the state and national level. Located in Marathon County, WI, we operate on over 1,000 acres of virgin ginseng land to produce highly prized Wisconsin-grown American ginseng. Our investment into growing the highest quality American Ginseng for over 40 years allows us to create unique ways to enjoy ginseng in your daily life. The North 45th parallel represents distinguished climates and environments as it circles the globe. Almost 90% of the United States American ginseng crop is grown within a 25 mile radius of where the N 45th parallel crosses Wausau, Wisconsin. A four-season weather pattern takes place along this geographic designation, offering several unique agricultural products each with their own special characteristics created by a distinctive environment usually referred to as "terroir". In temperatures below 32 degrees Fahrenheit (0 degrees Celsius) with ample amounts of snow in the winter and the right amounts of heat and rainfall through the growing season, American ginseng flourishes. We are proud to operate near the North 45th parallel designation and continually provide the highest quality Wisconsin-grown American Ginseng year after year for our fans and customers both here and abroad.

It's Poppin! was an idea born out of our family's love of popcorn. We are a farming family and popcorn was often our snack of choice on busy days in the fields. Sometimes it was even our dinner after a long day working outside. We knew that each evening, we would all gather around the table to share a huge bowl of popcorn as a family. So over the years, a small kernel of an idea about making and selling popcorn grew into the opening of a retail location with popcorn as our main feature, making over 75 different flavors! Over the last 10 years, our popcorn store has evolved into the offering of uniquely seasoned popcorn and pretzels, our homemade Fresh Fudge, super premium Ice Cream, real Wisconsin cheeses and fresh cheese curds, and then the addition of our gift shop with unique gift items that you can give to just about any special person in your life. "Pop" in or order online!

**Description:**

Jug Creek Sweets is an organic maple syrup producer in Vernon County, Wisconsin. Maple syrup is produced from our 80 acre farm, on Jug Creek Road, in Stark township. We do not buy sap for, or haul sap to our operation. All syrup originates from our woods only. This makes for the freshest sap and the highest quality syrup. All equipment is of the highest quality. Our sap goes directly from the tree to the evaporator and is processed into our syrup daily during maple season. We make a limited amount of syrup, which is dependent on mother nature. The best syrup practices make the best syrup and that syrup is always in high demand.

**Description:**

The Mango Man Cooks Brand Chef Thony Clarke aka The Mango Man set roots in Madison, WI with his first food cart, Cafe Costa Rica, in 2004. His Afro-Latino family-run business nurtured and grew the Mango Man Cooks food and brand. The retail food line was formally established in 2017. Thony has worked closely and established a strong relationship with the

larger local food movement. There are currently two hot sauces, originally developed by him in the Cafe Costa Rica restaurants, for sale by local retailers. Mango Man Cooks is excited to expand both the sales area and product line. We are especially hoping to partner with food cooperatives and specialty food retailers in a larger midwest region as we've done here in Dane County. There is a product line of fifteen additional unique sauces/dressings/marinades, packaged snacks, and frozen entrees currently in varying stages of development.

## Alphabetical Company Listings

What started as a hobby has turned into a lifestyle . . . a lifestyle that we want to share with you. At Maple Hill Farm, we are home to a flock of dairy sheep along with a meat breed of sheep, grassfed beef cows, chickens, and pasture raised pigs. Maple Hill Farm is focused on providing quality product from animals that have lived a quality life. We believe that every person should know where their food comes from - see how it is raised, learn why it is raised that way, meet the people who raise your food, and understand the value of small family farms.

Pork King Good manufactures the finest and best-tasting pork rinds and cracklins in the world by using family recipes and manufacturing processes that have been handed down over three generations. The original business, The Porkie Company of Wisconsin, was started in 1948 by Roman Rydeski in Milwaukee, Wisconsin. In 1958, Porkie Company of Wisconsin moved to Cudahy where it found its permanent home. After Roman retired, the company was handed over to his son, Rich Rydeski, and nephew, Tom Rydeski who continued running the family company until 2022 when Rich retired at the age of 81. The company was sold to Lauren Koston of Pork King Good, the only current woman pork rind manufacturer in the United States and the second ever since 1957. Lauren Koston started the Pork King Good brand in 2018, originally as a customer of the Porkie Co. Her completely innovative lineup of flavored pork rinds along with her best-selling pork rind crumbs (a zero carb breadcrumb substitute) have taken the industry by storm and shaken up the pork rind world as we know it.

**Description:**

We are a family owned business at The Dandelion Farm who hold a deep passion for the work that we do. We source as many of our organic products directly from our own animals. Our line of products is wildcrafted in house and homemade with love and intention. We have raised 25 goats that we milk twice a day and that is where we get the milk we use to produce our lotions, soaps, and other products. We take pride in locally sourcing the highest quality ingredients from other makers and creators to ensure every single product we add to our shelves meets our high expectations and provides our customers a true farm to store experience. Our Philosophy The Dandelion Farm's philosophy is simple. We strive to make a positive impact on people's lives through what we choose to put on our skin. We make everything from scratch and in house to ensure the highest quality for our customers who are our family. We understand the power of all natural products. As a retired LPN, it is my goal to provide holistic therapy, natural products, and goods that reduce your stress and leave customers happier than when they came in the store. Our History My family and I built The Dandelion Farm from the ground up in 2014. I was born and raised on a farm so handling organic ingredients is second nature to me. While I was pregnant with my second daughter, Mollie, I met a woman who changed my life and altered my path forever. Her name was Polly and she taught me, among other things, how to make my own soap- and that was that. What started as selling soap to my co-workers and at the local farmer's market turned into my family taking a chance on a dream. We purchased an old barber shop and set up our own store. Now we have a 4,000

square foot facility that not only makes all products in-house, but offers other holistic services like Reiki, Massage, Astrology, and so much more. The crew at The Dandelion Farm is nothing short of one big family. From the Massage Therapists and the Reiki Masters, to my husband and children, and every member of The Dandelion Farm staff, we all love what we do and can not wait to share our passion with you. What You Can Expect When you visit The Dandelion Farm you can expect to walk into a refreshingly positive environment that sweeps you away to happier thoughts with the delightful smells that permeate the door. We want to deliver you a farm to table experience that will set us apart in your mind so that you insist on coming back and being a member of the Dandelion family. You know you have been accepted into the tribe when our Spa cat, Dandelion, gives you his attention. Our dedicated staff is always insightful, knowledgeable, and friendly when walking you through our many offerings. We want to help you find the products and services that best meet your needs and understand that one size healing and growth does not fit all. This is your invitation to treat yourself to some self care and oh-so precious ?me time.? Most clients love to visit The Dandelion Farm with a friend or few! We are the perfect place to unwind, connect, and nurture yourself on your journey of life. You can always call us at 920-361-0507 or stop by The Dandelion Farm at 120 W. Huron St. in Berlin, Wisconsin. Please give a call or stop by for a visit to learn more and connect when a member of our team. Trust me, we have something for everyone at our shop.

Welcome to The Maple Dude. Each year from about mid March to mid April we produce the some of the best pure maple syrup available. Maple syrup, sugar, cream, candy, cotton candy, cookies, ice cream, soda, coffee, almonds and more! We've been at this many years now but our maple tradition goes back much further than that. I learned the skill of "sugar making" from my father and grandfather. When you consider the fact that my family was the first to settle the central Wisconsin area we've actually been producing maple syrup since they arrived here from Germany in 1856. We take pride in what we produce. Hand crafted quality best describes what we do. While many producers use such practices as oil for fuel we use more traditional methods. We boil all of our maple over a wood fired evaporator. Making maple syrup is something we love to do. We hope you enjoy the products we produce!

White Winter Winery was founded in 1996 on the principles of sustainability, and utilization, to use what our region produces to make high quality products and to build coalitions and partnerships with growers, producers, and other businesses. We use regionally sourced fruits and honey. In this way we can sustain not only ourselves, but our neighbors as well. Our belief has always been that we should use what is grown in our own back yard, not ship it in from across the country or across the world. Too many times we, as consumers, look only for the cheapest price without considering the hidden costs of buying out of our area. Costs such as the hydrocarbon emissions of shipping cheap, mass grown, corporate farm raised produce across the country. Costs of importing cheap honey harvested in foreign countries at a fraction of the actual production cost and dumped into the U.S. market. Costs of sub-standard wages and

living conditions for people who have little choice if they want any work at all, just so we can have the cheapest price.

Like most companies, Wisco Joe Coffee started out as nothing more than an idea. A concept based on dedication to bringing quality coffee to the quality people of the great state of Wisconsin. Long before we started selling to the public, we were hard at work. For two years we spent countless hours searching for the right beans, the right people, and above all the right process. We firmly believe that the right way of doing things isn't always the easiest. We take a no-bull, no-cut-corners approach in everything we do. All of our roasting is done out of a farmhouse in the Lake Country Area (Hartland, WI). Each bag has the roast date handwritten on the side because valuing transparency, freshness, and personal touches will never go out of style.
