**Email:** alana.frizzell@cqc.com

**Alternate Email:**

**Website:** <https://www.artisankettle.com>

**Description:**

Clasen Quality Chocolate (CQC) is a WI based, wholesale manufacturer of chocolate and confectionery coatings. We also have a full line of retail products and packaging options to fit your private label and branding needs. Our brand portfolio includes Artisan Kettle Organic Chocolate items. History: In 1959, recent German immigrants the Clasen brothers opened a European bakery in Madison, Wisconsin and marketed on a small scale to friends and local neighbors. The business expanded and became the Clasen Candy Company in 1966. Four years later, the brothers began to produce and market their own confectioner's coating and changed the name to Clasen Quality Coatings, Inc. to reflect the company's new focus. In 1998, Ralph Clasen sold the company to a private entrepreneur and current owner with the intent of maintaining the philosophy and tradition that made Clasen successful. Since this transfer of ownership, CQC has transitioned from a small, regional compound coating manufacturer to a major supplier of both standard and customized formulations and value-added, confectionery ingredients across North America.

### Clearwater Farms, LLC

**Fax:** 715-887-2803

**Email:** coldsnapaquaponics@gmail.com

**Alternate Email:** pam@coldsnapaquaponics.com

**Website:** <http://coldsnapaquaponics.com/>

**Description:**

Located in Central Wisconsin, ColdSnap Aquaponics can provide fresh local produce 365 days a year. Facility includes a clean, controlled environment supporting the Standard Operating Procedures (SOP's) and Good Agricultural Practices (GAP) as measured against Aquaponics Industry standards for bio-security and food safety. ColdSnap Aquaponics, LLC produces several varieties of lettuce, veggies, herbs, microgreens, and fish, in a simple closed loop system. Tilapia fish in tanks provide a nutrient rich source of water that passes through a biological filtration process. Clear flowing, nutrient rich water sustains the plants growing in floating rafts. Water is circulated back to the fish tanks and begins the process again. A 10,000-square foot greenhouse provides a year-round growing environment for luscious lettuce, veggies, microgreens, herbs, and fish.

**Website:** <http://www.dianaanddaughters.com>

**Description:**

Our family version of antipasto began with the second generation "Giordana's." They came from Italy to the Upper Peninsula of Michigan in 1906 and brought with them their Authentic Italian recipes. Our family gatherings traditionally began with antipasto, red wine, garlic bread, and animated conversations. My grandmother and mother were passionate about cooking for their families and it showed by preparation and presentation of delicious traditional Italian dinners. Watching these women cook influenced me greatly. I not only have the love for cooking, but the desire to teach and share with others. We have put together our families' recipe of antipasto to share with all of you. Antipasto literally means "before the meal." The main purpose for antipasto was to extend the meal. It started the meal followed by salad, soup, pasta with meat, and a light dessert. The abundance of courses was only part of the experience. The other part was the animated family conversation. The combination of antipasto and conversation maintained our family relationships. Augusta's Antipasto is named after my grandmother, a picture of my mother decorates the jar, and I've named my business with the thoughts of family. This recipe and the love of cooking continue today with my daughters' participation in continuing this tradition. We hope you enjoy our antipasto as much as we do. Sincerely, Diana and Daughters

Granny Elsie always had a pie on the table - and as Kelly was growing up, she was always helping her grandma with the gardening and canning. Today, Kelly is still canning and baking pies. She's using family recipes, local ingredients, and traditional style baking at the shop she named after her "granny": Elsie Mae's Canning & Pies. Formerly a fishery scientist, Kelly is now a shopkeeper who is sharing her family traditions, her family recipes, and a piece of herself with her customers. Visit the shop at any given time, and you can see Kelly and her staff at work making a variety of seasonal pies and jams. Everything is done on site, with the kitchen workspace visible for all to see.

Hartland Organic Family Farm is dedicated to community based food systems while minimizing our carbon footprint to better the environment. We collect food waste from local businesses, and compost or vermicompost it into nutrient rich soil. We sell the vermicompost as an organically made, all natural fertilizer. We grow micro greens and baby greens for sale. We believe in bettering the community by working with it to minimize the impact of food waste in landfills. Through this cooperative process we can provide healthy and nutritious food year round. Since our food is grown locally year round, the community can have the satisfaction of knowing their produce is economically reasonable and environmentally sound.

**Alternate Email:**

**Website:** <http://www.healthbyplants.weebly.com>

**Description:**

Health By Plants in Pine River, WI, became the first Certified Naturally Grown farm in Waushara County in June of 2016. We received our produce certification last year for vegetables, fresh herbs, berries, tree fruits and grapes. We grow on a half-acre in raised beds and in a geodesic greenhouse, where we implement ecologically-friendly practices like composting and crop rotation to maintain our small and highly diverse farm. For personal, environmental, and sustainability reasons, we don't use animal inputs of any kind in our operation. Certified Naturally Grown (CNG) is a certification program for farmers and beekeepers who use natural practices, without any synthetic chemicals or GMOs, to produce food for their local communities. Many farmers choose CNG because its peer-review inspections serve to foster direct relationships and learning opportunities among farmers, in addition to verifying the program standards are being upheld. Health By Plants is proud to join this nationwide movement of more than 800 small family farmers. We were inspired to live a plant-based lifestyle after watching the documentary, "Forks Over Knives" in 2012. In 2016, we earned certificates in Plant-Based nutrition from eCornell/ T. Colin Campbell Center for Nutrition Studies. From there, we started raising our own fruits and vegetables and soon after decided to bring our produce to market. At the market, you can expect to find staples like tomatoes, peppers, potatoes, beans, onions and cabbage, in addition to other favorites. In future seasons, we're looking forward to harvesting asparagus and garlic for market. From seed to table, we're involved in producing healthy, sustainable food every step of the way.

**Alternate Email:** lisah@hsuginseng.com

**Website:** <https://www.hsuginseng.com/us/control/main>

**Description:**

American ginseng roots by Hsu's Ginseng are available in several families and sizes for a multitude of uses in foods, soups, teas, and gift-giving. American ginseng is a yin (cooling) tonic, for those who are yang (hot) in nature. It is recommended for all ages and sexes, for all seasons, and for daily, long-term use. As an adaptogen, a natural substance known to normalize body functions, American ginseng helps the body to utilize other substances more efficiently and supports elimination of those toxic substances that affect the body's well-being. Hsu's Ginseng Enterprises, Inc. is the world's premier American Ginseng grower, importer and exporter of the storied crop since 1974. Hsu's defines the international American ginseng trade through numerous export awards at the state and national level. Located in Marathon County, WI, we operate on over 1,000 acres of virgin ginseng land to produce highly prized Wisconsin-grown American ginseng. Our investment into growing the highest quality American Ginseng for over 40 years allows us to create

unique ways to enjoy ginseng in your daily life. The North 45th parallel represents distinguished climates and environments as it circles the globe. Almost 90% of the United States American ginseng crop is grown within a 25 mile radius of where the N 45th parallel crosses Wausau, Wisconsin. A four-season weather pattern takes place along this geographic designation, offering several unique agricultural products each with their own special characteristics created by a distinctive environment usually referred to as "terroir". In temperatures below 32 degrees Fahrenheit (0 degrees Celsius) with ample amounts of snow in the winter and the right amounts of heat and rainfall through the growing season, American ginseng flourishes. We are proud to operate near the North 45th parallel designation and continually provide the highest quality Wisconsin-grown American Ginseng year after year for our fans and customers both here and abroad.

The story begins in the small Wisconsin community of Watertown. It was here that Tony Kraemer, a lifelong farmer, decided to build a small dairy business on his property. Could Tony, the patriarch of the Kraemer family enterprise, ever have envisioned that three generations later, his family would still be carrying on the tradition for fine dairy products and service he began in the 1920s. Tony's farm and dairy operation survived the Depression, and he was able to build his business through the next two decades. In 1949, Tony's son, Jim, joined his father, concentrating on all facets of the operation. Jim spent years learning his father's business, doing everything from working the farm and land, to delivering milk and building a loyal customer base. But Jim's interests lay in another area of the operation, and in the early 1970s, he and his wife, Joanne, were able to realize their dream. It was here, on the family homestead that Kraemer Dairy Store was born. Over the next three decades, Jim and Joanne worked to build the business, scoured the state to

# Something Special from Wisconsin™

## Alphabetical Company Listings

find the finest cheeses, and in the process, groomed the next generation of Kraemers. Beyond their keen eye for the best cheese and sausage products, the Kraemer family makes its own cheese spreads (17 varieties in all) from recipes created by Jim himself. These fine spreads are made in small, 40-pound batches to ensure quality, flavor and freshness. Still located in Watertown, the Kraemer family sells and ships more than 500,000 pounds of premium cheese and cheese products each year all over the country and abroad. Today, thanks to Jim and his wife, Joanne, and sons Mike, Richard, and son in law Dan, Kraemer Wisconsin Cheese is carrying on the Kraemer legacy as a shining example of hard work, family values, attention to detail and quality products and service.

Madame Chu is a local condiments producer in Madison, Wisconsin. Madame Chu specialized in Southeast Asian Delicacies. All products are handmade in small batches and produced locally using all natural ingredients (no MSG, non-GMO, vegetarian). The company offers handcrafted products representing the authentic flavors. Each product uses techniques passed from generation to generation with a mission to fill the void of Southeast Asian flavors in the market. Madame Chu currently carries 3 flavors of Southeast Asia condiments. They are sambal nyonya, ginger garlic, and satay peanut nyonya. Our company is currently focused on making these condiments with many more flavors slated for the future. Madame Chu is also planning to venture into the snack food and beverage sector.

I am Madison Taves. I'm 14 years old and I've had my business for 5 years now. I have a lot of food allergies such as milk, cranberries, soy, walnuts and other items not related to food. Food allergies run in my family. I want to be able to give people good quality food to eat so I can nurture people lives with good quality fats and spices. Who knows, maybe down the road I'll

carry other foods or gadgets. I love to cook and so does everyone around me!

What started as a hobby has turned into a lifestyle . . . a lifestyle that we want to share with you. At Maple Hill Farm, we are home to a flock of dairy sheep along with a meat breed of sheep, beef cows, chickens, and pigs. We like to think that we are providing a quality product from animals that have lived a quality life. We do this by raising our animals without hormones, believe in rotational grazing, and are proud to be certified Animal Welfare Approved by A Greener World.

We are Mike Marr and Lois Marr Federman. As the fourth generation and second consecutive brother/sister team, we own and operate the Marr family's homestead farm located south of Mineral Point. Established in 1874, our land is nestled in the breathtaking Driftless Region of Southern Wisconsin. We raise Black Angus Beef for your dining pleasure. Our cattle are pasture and forage fed, with access to grains during finishing. They are always free to roam about at their own will. Since 1999, we've sold our Black Angus Beef products by the individual cut, quarters, halves and wholes. We partner with family friends to also offer a full line of Pork products to compliment our beef. We have a robust, 3 Meat CSA with pickup sites across Southern Wisconsin from Mineral Point to Milwaukee.

### Original OvenWorks Pizza

**Contact Name:** Alan P. Lee

**Address:**

3807 White Avenue Suite A  
Eau Claire WI 54703

**Phone:** 715-855-1339

**Alternate Phone:**

**Fax:** 715-830-0319

**Email:** alee@ovenworkspizza.com

**Alternate Email:**

**Website:** <http://www.ovenworkspizza.com>

**Description:**

OvenWorks Pizza was started in the late 1980's by James "Jimmy Boy" Edming of Glen Flora, WI. This modest little pizza company grew to be a force within the frozen pizza market serving Wisconsin, Michigan, Minnesota and other remote locations. The OvenWorks Pizza Corporation was purchased in February 2006, by another Wisconsin family ensuring the commitment to quality, craftsmanship and the use of premium ingredients would remain the cornerstone of this product. The weight in our pizza is not in the crust like so many others, but our density comes from the weighty Wisconsin cheese, quality meats and premium sauces. A message from the owners of OvenWorks Pizza: It was our personal experience with these great pizza products that sparked our interest and eventually led us down the path of becoming the owners. From our very first taste we knew this pizza offered something different, something unique, something no other pizza offered in the frozen pizza category. We hope you too enjoy "Something Special From Wisconsin!" Alan & Wendy

**Description:**

Beginning in a local kitchen in 1963, Palo Popcorn is a family owned, small batch manufacturer of gourmet cheddar popcorns based in Sheboygan Falls, WI. What started out as a company supplying popcorn to corner taverns across Sheboygan County has now evolved into a brand available in Grocery, Convenience, Mass, Liquor, and Gourmet Food Stores from coast to coast. Palo Popcorn's great taste is like no other and is the result of the high quality ingredients we use: pure coconut oil (nature's healthy oil), non-GMO popcorn seed, and real cheddar cheese. Our popcorns contain No Trans Fats, No Preservatives, and are Gluten Free! We are passionate about making the best tasting cheddar popcorns available and hope you enjoy Palo Popcorn as much as we enjoy bringing it to you.

Over 50 students and 11 local businesses helped start the Platteville Sunflower Project in 2013. Together, we grew sunflowers, harvested seeds, and pressed oil right here in Platteville, WI. Sunflower oil is a healthy alternative to olive oil, and by being locally grown it has less of a carbon footprint. As a bonus, the seed husk byproduct makes a great cattle feed. Our cold pressed oil, with a slightly nutty flavor, is grown with certified organic sunflower seeds here in Wisconsin's Driftless Region and bottled on campus by University of Wisconsin-Platteville students. All profits from the sales of our oil help to fund sustainability and renewable energy related education and community engagement throughout southwestern Wisconsin. Our website with more information:

**Description:**

OUR FARM We are the third generation of the Rierner family to farm this land in South Central Wisconsin. OUR ANIMALS All of our animals are raised without antibiotics, steroids, hormones or animal byproducts. Our animals are rotationally grazed on pasture in season. Our animals are raised humanely and we ensure that they always have access to the outdoors, even in the off season. ----- We believe happy, healthy animals result in healthy, delicious meat. Our beef and lamb are 100% grass fed and finished. Our pork and poultry receive supplemental feed. Our non-GMO ration feed comes from our local, hometown mill and all of our meat is processed at local, family-owned butcher shops. OUR LAND We pride ourselves on using regenerative practices so that this land can be viable for generations to come. We want to do better than just sustain the land, we want to build soil and improve land and water conditions through careful movement of animals. We rotationally graze our animals and disrupt the soil as little as possible. Diverse perennial pastures help us to build and retain the soil, maintain soil life and prevent erosion. ----- We believe that healthy, nutrient dense food is the result of caring for not only the animals but for the land that sustains them, starting with the soil. OUR CUSTOMERS We believe in transparency and would love to show you around. Customers are always welcome to visit our farm! Contact us for more information on open house events and tour options. Our on farm store is open: Thurs: 8-9, Friday: 8-5, Saturday: 3-5, Sunday: 12-5. We make regular deliveries to the Madison and

Milwaukee areas and can be found at the Woodstock Farmers market both in the summer and winter. See our website for more details.

**Description:**

The National Brewery Museum & Library(TM) is a volunteer non-profit educational organization under 501 (c) (3) of the Internal Revenue Code. The American Breweriana Association (ABA) lending library was founded in 1982 as part of ABA member services program. The collection has been assembled through the generosity of ABA members' donations. The library is open to the public at the National Brewery Museum and Library. All library resources are available to ABA members at the library or through the mail. The National Brewery Museum & Library is located in Potosi, Wisconsin in the remodeled historic Potosi Brewery. Every five years the annual meeting of the ABA is held within 100 miles of Potosi, Wisconsin with members coming from 50 states and about 24 foreign countries. Usually

the annual meeting is held at either Dubuque, Iowa (19 miles away) or Madison, Wisconsin (about 100 miles away). In 2018 the annual meeting was held in Dubuque, Iowa for the 10th anniversary of the opening of the National Brewery Museum and Library at Potosi, Wisconsin.

**Description:**

The Big Band Reunion was formed in 1991 by two Music Professors from Lawrence University, co-leaders Bob Levy (trumpet) and Nick Keelan (trombone) both of whom performed extensively with big bands. They sought to provide a weekly outlet for numerous musicians throughout the Fox Valley region of Wisconsin and to keep the 'big band sound' alive and well. The Band has continued to develop and thrive over the years, this being our 25th Anniversary. We are a not for profit musical association of area Musicians and Musical Educators.

**Fax:**

**Email:** tim@themapledude.com

**Alternate Email:** karinewyork@hotmail.com

**Website:** <http://www.themapledude.com>

**Description:**

Welcome to The Maple Dude. Each year from about mid March to mid April we produce the some of the best pure maple syrup available. We also raise 100% grass fed all natural bison. We've been at this many years now but our maple tradition goes back much further than that. I learned the skill of "sugar making" from my father and grandfather. When you consider the fact that my family was the first to settle the central Wisconsin area we've actually been producing maple syrup since they arrived here from Germany in 1856. We take pride in what we produce. Hand crafted quality best describes what we do. While many producers use such practices as oil for fuel we use more traditional methods. We boil all of our maple over a wood fired evaporator. Making maple syrup is something we love to do. We hope you enjoy the products we produce!

**Website:** <http://www.wiscopopsoda.com>

**Description:**

Our rag-tag crew started crafting Wisco Pop! bevies in 2012. Our focus on freshness, flavor and all-natural ingredients helped us quickly gain traction in natural grocery stores and

farm-to-table restaurants. In early 2015, we began bottling our sodas and converted to fully certified organic in the summer of 2016. Using the same standards of freshness, flavor and ingredients, we recently doubled our offerings with Sparkle, a line of unsweetened sparkling waters. These days, our products are available at hundreds of retailers throughout the midwest We have, and always will stay true to processing all of our ingredients in-house, using no additives or 'natural' flavors - creating beverages that are truly made from scratch.

### Wisco Tropical - Idea Man, LLC
