Description: We are a 100% organic coffee roasting company started in January of 2018. We are located outside of Whitewater, WI near the nice, albeit small, Bowers Lake. Currently, there are Five of us (Family owned) involved in this roasting organic coffee business with one Master Roaster, Dave ‘Papa’ Jones, who has been roasting his own coffee for the last 20 years. We are veteran owned and operated meaning that 3 of us are Veterans (2 Army and 1 Navy) and the other 2 are veteran wives. In our opinion, the veteran wives are just as important to the military and are truly under appreciated.

We are a company that would like to make African food popular in America. We looked at doing our Ghana Style Peanut Brittle first since that has an American product that people could relate to. We teamed up with Sweet P's Pantry out of Oconomowoc, WI and did a few test runs to make sure we captured the flavor just like it's made in Ghana. Sweet P's did a great job, and the product has been a hit since we unleashed it in the Wisconsin market. What does Ghana Style mean? It is simply made with a lot of chopped peanuts, cane sugar, water, and salt. No corn syrup, butter, (yes this is Vegan), preservatives, baking soda, etc. it is also gluten free. The best thing about it is it doesn't stick to your teeth. We also use several local companies to help us in our quest to get the product out.

Description:
We're a small non-profit that grows tomatoes and chilies in Milwaukee to make super local salsa. The sale of the salsa goes to support several Milwaukee based charities. This was our first year of operation, and we only sold salsa at community markets under the Cottage Food Laws. We want to formalize the business with the appropriate food licensing, and we were also interested in this trademark. We heavily emphasize local goods, since our product is grown and packaged in Milwaukee County, with all of our profits going to Milwaukee based charities. We believe the "Something Special from Wisconsin" branding would help clearly get our mission and message across via our labeling.

Sometimes it was even our dinner after a long day working outside. We knew that each evening, we would all gather around the table to share a huge bowl of popcorn as a family. So over the years, a small kernel of an idea about making and selling popcorn grew into the opening of a retail location with popcorn as our main feature, making over 75 different flavors! Over the last 10 years, our popcorn store has evolved into the offering of uniquely seasoned popcorn and pretzels, our homemade Fresh Fudge, super premium Ice Cream, real Wisconsin cheeses and fresh cheese curds, and then the addition of our gift shop with unique gift items that you can give to just about any special person in your life. “Pop” in or order online!

Our owner, Deidre Sauer, was born and raised on a farm and all too familiar with handling organic ingredients. She learned soap making from her friend and mentor, Polly, and became enamored with the hobby. 400 bars of soap later, Deidre began gifting her products to family and friends, and selling them at the farmer’s market. In 2014, she began The Dandelion Farm as a small shop and has now expanded to a location of 4,000 square feet. Here at The Dandelion Farm, we make all-natural products like soaps, lotion, body products and more from ingredients that are either locally sourced or made in-house from our own farm animals. We wholeheartedly believe in the importance of holistic therapy to reduce stress and have recently added on-site therapy and massage rooms. We have a diverse and dedicated staff, from professional massage therapists to Deidre and her family. Every member of the team is passionate about our work here and that passion is reflected in our excellent customer service. We maintain a refreshingly positive environment here, and our staff has keen insight on all our products and services and how they best meet your needs. We run our business based on a simple philosophy and that is to make a positive impact on people’s lives, however possible. That’s why we treat customers like family, make all our products from scratch, and provide unique holistic therapy. This mindset stems directly from our Deidre, who believes in her products so strongly that she fills her house with them. Whether you’re seeking a complete detox of body and mind or simple self-care products, give us a call at (920) 361-0507 or stop by The Dandelion Farm for a visit.

**Description:** Welcome to The Maple Dude. Each year from about mid March to mid April we produce the some of the best pure maple syrup available. Maple syrup, sugar, cream, candy, cotton candy, cookies, ice cream, soda, coffee, almonds and more! We've been at this many years now but our maple tradition goes back much further than that. I learned the skill of "sugar making" from my father and grandfather. When you consider the fact that my family was the first to settle the central Wisconsin area we've actually been producing maple syrup since they arrived here from Germany in 1856. We take pride in what we produce. Hand crafted quality best describes what we do. While many producers use such practices as oil for fuel we use more traditional methods. We boil all of our maple over a wood fired evaporator. Making maple syrup is something we love to do. We hope you enjoy the products we produce!

Description: White Winter Winery was founded in 1996 on the principles of sustainability, and utilization, to use what our region produces to make high quality products and to build coalitions and partnerships with growers, producers, and other businesses. We use regionally sourced fruits and honey. In this way we can sustain not only ourselves, but our neighbors as well. Our belief has always been that we should use what is grown in our own back yard, not ship it in from across the country or across the world. Too many times we, as consumers, look only for the cheapest price without considering the hidden costs of buying out of our area. Costs such as the hydrocarbon emissions of shipping cheap, mass grown, corporate farm raised produce across the country. Costs of importing cheap honey harvested in foreign countries at a fraction of the actual production cost and dumped into the U.S. market. Costs of sub-standard wages and living conditions for people who have little choice if they want any work at all, just so we can have the cheapest price.

**Description:** Worthy Soap Co. is owned by Katrina Johnson. The idea for the business emerged after the birth of her third child in December,
2019. As a single mother, Katrina faced her pregnancy scared and alone. Doubting that she could handle a baby by herself while working full-time, raising her two other children, and being a homeowner, she placed her baby for adoption. As difficult as this decision was, it seemed like her only real option. After months of depression and hopelessness, she gave birth to her baby boy. Upon seeing him, she knew that she couldn't possibly live her life without him. Having very little support and not even a single diaper for her baby, she prayed and cried, and trusted that God would provide for her family. Through this faith, her family's needs have always been met! In March 2020, in the thick of the pandemic, Katrina was forced to quit her job to stay home to care for her baby. Just months later, Worthy Soap Co. was born! Katrina has been making quality, hand crafted soaps right in the heart of Stevens Point, Wisconsin ever since, while cherishing every moment she is home with her children.
