Description:
My wife and I live in the country midway between the two small towns we grew up in. The quiet environment offers us the privacy we relish, and allows us to meet our worlds on our terms. My shop isn’t large but it is equipped with everything from 18th & 19th century hand tools, (some from my great grandfather) to the most modern power tools, including a CNC router with 48” x 54” capabilities. I built the shop (my third) the way I wanted, mostly by my own hand. We market directly as well as through retail outlets.

Website: https://www.artisankettle.com
Description:
Clasen Quality Chocolate (CQC) is a WI based, wholesale manufacturer of chocolate and confectionery coatings. We also have a full line of retail products and packaging options to fit your private label and branding needs. Our brand portfolio includes Artisan Kettle Organic Chocolate items. History: In 1959, recent German immigrants the Clasen brothers opened a European bakery in Madison, Wisconsin and marketed on a small scale to friends and local neighbors. The business expanded and became the Clasen Candy Company in 1966. Four years later, the brothers began to produce and market their own confectioner's coating and changed the name to Clasen Quality Coatings, Inc. to reflect the company’s new focus. In 1998, Ralph Clasen sold the company to a private entrepreneur and current owner with the intent of maintaining the philosophy and tradition that made Clasen successful. Since this transfer of ownership, CQC has transitioned from a small, regional compound coating manufacturer to a major supplier of both standard and customized formulations and value-added, confectionery ingredients across North America.

Alternate Email:
Website: http://coldsnapaquaponics.com/
Description:
Located in Central Wisconsin, ColdSnap Aquaponics can provide fresh local produce 365 days a year. Facility includes a clean, controlled environment supporting the Standard Operating Procedures (SOP's) and Good Agricultural Practices (GAP) as measured against Aquaponics Industry standards for bio-security and food safety. ColdSnap Aquaponics, LLC produces several varieties of lettuce, veggies, herbs, microgreens, and fish, in a simple closed loop system. Tilapia fish in tanks provide a nutrient rich source of water that passes through a biological filtration process. Clear flowing, nutrient rich water sustains the plants growing in floating rafts. Water is circulated back to the fish tanks and begins the process again. A 10,000-square foot greenhouse provides a year-round growing environment for luscious lettuce, veggies, microgreens, herbs, and fish.

Description:
AbbyChristopher a Wisconsin Home Grown Business
Introducing AbbyChristopher Connoils, a Wisconsin based owned and operated Company, is introducing a new retail Hemp derived CBD product brand called AbbyChristopher. To provide our customers with superior products, our private label CBD is 100% natural, Non-GMO, and Hemp derived. We begin by working with some of the best Wisconsin organic farmers, knowledgeable in growing Hemp. The whole formula together is called AbbyChristopher BALANCE, because it creates a balance in the body and creates Homeostasis (internal balance). What makes our AbbyChristopher brand especially effective... The AbbyChristopher brand uses hemp seed oil, in addition to our carefully selected pure organic natural ingredients, instead of other less expensive carrier oils. Hemp derived CBD Endocannabinoids and their receptors are present everywhere in the body, including the brain, heart, liver, pancreas, kidney, lungs and reproductive tract, and affects every physiological function throughout the body. In order to deliver its true benefits, CBD first needs to be absorbed into our bloodstream. Our preferred method is sublingually. Once in the bloodstream, it can

Description:
Curt's Gourmet popcorn started in 1985, in a stand Curt built with his father Walter Roeming. Located on the Square in downtown Madison WI on the corner of East Washington and Pinckney until 2005 (22 years) until Construction in the area caused it to be relocated to various spots. Curt's corn has been serving the downtown business people during the week for over 27 years. In 2008 purchased a new stand which made its debut the spring of 2009, which is one of the stands seen on the square today. In 2011 a second stand made it's debut on the square named after Curt's father Wally, It is named Wally's Wandering popcorn stand. During this time different recipes for flavored corn specifically caramel and cheese were being tested and developed into the unique recipes used today. Originally it started as fresh popped gourmet popcorn. Expanded to cheese and caramel and now in the last year Curt's Gourmet popcorn now makes a wide variety of flavors all popped, packed and shipped fresh to you. In 1986 Curt's Gourmet popcorn had such a strong following he was asked to participate in concerts on Square in downtown Madison. This is a fund raising event for the Wisconsin Chamber Orchestra that occurs 6 weeks every July and August. Serving Gourmet white popcorn, cheese popcorn, caramel corn, and combinations of them. In the past few years we introduced other gourmet flavors such as peanut butter and jelly and chocolate covered cherry.

Description: Our family version of antipasto began with the second generation "Giordana’s." They came from Italy to the Upper Peninsula of Michigan in 1906 and brought with them their Authentic Italian recipes. Our family gatherings traditionally began with antipasto, red wine, garlic bread, and animated conversations. My grandmother and mother were passionate about cooking for their families and it showed by preparation and presentation of delicious traditional Italian dinners. Watching these women cook influenced me greatly. I not only have the love for cooking, but the desire to teach and share with others. We have put together our families’ recipe of antipasto to share with all of you. Antipasto literally means “before the meal.” The main purpose for antipasto was to extend the meal. It started the meal followed by salad, soup, pasta with meat, and a light dessert. The abundance of courses was only part of the experience. The other part was the animated family conversation. The combination of antipasto and conversation maintained our family relationships. Augusta’s Antipasto is named after my grandmother, a picture of my mother decorates the jar, and I’ve named my business with the thoughts of family. This recipe and the love of cooking continue today with my daughters’ participation in continuing this tradition. We hope you enjoy our antipasto as much as we do. Sincerely, Diana and Daughters

Description: Door Peninsula Winery is a locally owned and operating business in Door County since 1974. The first two wines produced were cherry wine and apple wine with juice from local orchards. Those two wines are still a staple of the wine production today. In 2011, the winery opened a distillery which produces vodkas, brandies, whiskey, and gin. The cherry and apple brandy are being produced from that same original cherry wine and apple wine. 2018 Door Peninsula added a Cider line featuring 4 locally produced ciders.

Description:  
Meant to conserve and protect the environment. I came to make these because of my interest in having a toxin-free, dependable aid so that I could light my own fires, easily, every time. Founded in 2017 I have slowly grown, with much local and country wide support - Eco Fire, LLC. I produce these by myself, knowing that in the act of lighting a fire we are doing something very primal, interacting with nature. A core experience. My fiance, Colin Williams, works equally hard in the venture, from Wales till April 2019.

Description:
Flyte Family Farms prides themselves on being one of the most diversified farms in Wisconsin growing organic and conventional crops. Hydroponic crops extend their growing season. Sustainably grown strawberries and organic blueberries are among the many crops grown. Organic potatoes, sweet potatoes, and canning crops are also staples on the farm. Value added products such as blueberry jelly and sauce, strawberry dessert topping, and salsas are processed in their certified kitchen. Farm to Table Dinners feature all of the crops on their farm through out the summer.

**Description:** Garden of Eden Kingdom Living is an All Natural Fruit and Vegetables Drink Company. Their drinks are unique and left in the richest form. The drinks are not pasteurized, however authentic in richness, pureness and freshness. The pulp from the seeds and vegetables are left deliberately to maintain the highest levels of nutrients. The natural nutrients create a high level of energy, which promotes fasting and weight loss. Garden of Eden Kingdom Living, are more than just a juice company, they also process and bottle a variety of different products, such as Eden’s Red Hot Pepper, Eden’s Herb & Spice Cooking oil, Eden’s Salad Dressing, Eden’s Taco Bean Dip, Eden’s Cherry berry Jam, Eden’s Cranberry Marinated Syrup, just to name a few. In addition they also carry natural vitamins and minerals that promote overall health. The Company promotes healthy eating and healthy living, by reaching out to local farmer markets, churches, gyms and specialty stores. The Garden of Eden Kingdom Living is located at 7504 West Appleton Ave, Milwaukee WI. Current Hours of Operation Mondays 12:00am- 4:00pm Tuesday 12:00am- 4:00pm Thursday 12:00am- 4:00pm Friday 12:00am- 7:00pm

Malone's Fine Sausage, Inc. is the producer of Gourmet Headcheese and Country Pates. In business for more than 60 years, Malone's is an award-winning, family-owned small business that produces as much as 300,000 pounds of its gourmet pork delicacies each year, throughout the Midwest. We sell our Gourmet Pork Delicacies, Headcheese and Country Pates to chain stores, groceries, distributors, corner stores, through our on-line e-store, and the fantastic gift - word of mouth; customers who appreciate the unique flavor and superb quality of our products. While growing Malone's locally, Malone's has expanded its market reach beyond the Midwest to begin realizing national and international distribution. Malone's operates in a 12,000-square-foot federally inspected plant at 300 W. Walnut Street, anchoring one corner of Milwaukee's Historic King Drive neighborhood.

At HaloVino®, we’re on a mission to create a world where living life to the fullest doesn’t come at a damaging cost. We’re focused on developing innovative and eco-conscious solutions to drinking wine in your favorite places. That’s why our wine glasses are recyclable, reusable, and easy to take with you wherever you go. We also work with select sustainable companies to use our sustainable drinkware and proprietary processes to help their venues go zero waste. Through innovative reuse programs and closed-loop recycling, venues can reduce their landfill output for drinkware to zero. Four billion single-use plastic cups are used annually for live events! We are on a mission to ensure no plastic cup has to hit another landfill.

Description: Hartland Organic Family Farm is dedicated to community based food systems while minimizing our carbon footprint to better the environment. We collect food waste from local businesses, and compost or vermicompost it into nutrient rich soil. We sell the vermicompost as an organically made, all natural fertilizer. We grow micro greens and baby greens for sale. We believe in bettering the community by working with it to minimize the impact of food waste in landfills. Through this cooperative process we can provide healthy and nutritious food year round. Since our food is grown locally year round, the community can have the satisfaction of knowing their produce is economically reasonable and environmentally sound.

Health by Plants
Contact Name: Dave Schlepp
Description:
Health By Plants in Pine River, WI, became the first Certified Naturally Grown farm in Waushara County in June of 2016. We received our produce certification last year for vegetables, fresh herbs, berries, tree fruits and grapes. We grow on a half-acre in raised beds and in a geodesic greenhouse, where we implement ecologically-friendly practices like composting and crop rotation to maintain our small and highly diverse farm. For personal, environmental, and sustainability reasons, we don’t use animal inputs of any kind in our operation. Certified Naturally Grown (CNG) is a certification program for farmers and beekeepers who use natural practices, without any synthetic chemicals or GMOs, to produce food for their local communities. Many farmers choose CNG because its peer-review inspections serve to foster direct relationships and learning opportunities among farmers, in addition to verifying the program standards are being upheld. Health By Plants is proud to join this nationwide movement of more than 800 small family farmers. We were inspired to live a plant-based lifestyle after watching the documentary, “Forks Over Knives” in 2012. In 2016, we earned certificates in Plant-Based nutrition from eCornell/ T. Colin Campbell Center for Nutrition Studies. From there, we started raising our own fruits and vegetables and soon after decided to bring our produce to market. At the market, you can expect to find staples like tomatoes, peppers, potatoes, beans, onions and cabbage, in addition to other favorites. In future seasons, we’re looking forward to harvesting asparagus and garlic for market. From seed to table, we’re involved in producing healthy, sustainable food every step of the way.

Description:
American ginseng roots by Hsu's Ginseng are available in several families and sizes for a multitude of uses in foods, soups, teas, and gift-giving. American ginseng is a yin (cooling) tonic, for those who are yang (hot) in nature. It is recommended for all ages and sexes, for all seasons, and for daily, long-term use. As an adaptogen, a natural substance known to normalize body functions, American ginseng helps the body to utilize other substances more efficiently and supports elimination of those toxic substances that affect the body's well-being. Hsu's Ginseng Enterprises, Inc. is the world's premier American Ginseng grower, importer and exporter of the storied crop since 1974. Hsu's defines the international American ginseng trade through numerous export awards at the state and national level. Located in Marathon County, WI, we operate on over 1,000 acres of virgin ginseng land to produce highly prized Wisconsin-grown American ginseng. Our investment into growing the highest quality American Ginseng for over 40 years allows us to create unique ways to enjoy ginseng in your daily life. The North 45th parallel represents distinguished climates and environments as it circles the globe. Almost 90% of the United States American ginseng crop is grown within a 25 mile radius of where the N 45th parallel crosses Wausau, Wisconsin. A four-season weather pattern takes place along this geographic designation, offering several unique agricultural products each with their own special characteristics created by a distinctive environment usually referred to as "terroir". In temperatures below 32 degrees Fahrenheit (0 degrees Celsius) with ample amounts of snow in the winter and the right amounts of heat and rainfall through the growing season, American ginseng flourishes. We are proud to operate near the North 45th parallel designation and continually provide the highest quality Wisconsin-grown American Ginseng year after year for our fans and customers both here and abroad.

For more than 50 years, JBS has provided customers around the world with a wide variety of quality products at tremendous value. In 1953, José Batista Sobrinho started a small, family-owned beef company in Brazil. He had a single mission: to provide the best possible service, selection and value to our customers. Today, our mission remains unchanged. JBS began as a family business and today our principles remain the same. We value honesty, integrity and sincerity. We are passionate about our work and we encourage our employees to take ownership of their daily tasks. We know that our customers have a choice in suppliers. That’s why we believe in working together to grow our business. We look forward to serving you, as we continue building JBS into the worldwide leader in quality and service.

Description:  
Kingdom Works, Inc. is a unique business, providing Amish-made foods from small family farms across Wisconsin. All are hand-planted, hand-harvested, having no pesticides nor herbicides. Products are grown organically, having to travel a mere three miles from field to cannery. No fossil fuels used in the planting and harvesting of our products. You satisfaction is guaranteed. 100% of profits is donated to the Kingdom Works Foundation, a non-profit organization that gives money away to deserving non-profit organizations, churches & youth groups, school programs, and other related organizations. We do this by making available fundraising programs/packages to participating organizations. NOTE: at this time, we are in the process of creating our website. Therefore, the www.FamilyFarmPantry.com URL is not released to the public yet. We anticipate the completion of this by September or October, 2019.

Alternate Email: Website: http://www.kraemercheese.com
Description: The story begins in the small Wisconsin community of Watertown. It was here that Tony Kraemer, a lifelong farmer, decided to build a small dairy business on his property. Could Tony, the patriarch of the Kraemer family enterprise, ever have envisioned that three generations later, his family would still be carrying on the tradition for fine dairy products and service he began in the 1920s. Tony's farm and dairy operation survived the Depression, and he was able to build his business through the next two decades. In 1949, Tony's son, Jim, joined his father, concentrating on all facets of the operation. Jim spent years learning his father's business, doing everything from working the farm and land, to delivering milk and building a loyal customer base. But Jim's interests lay in another area of the operation, and in the early 1970s, he and his wife, Joanne, were able to realize their dream. It was here, on the family homestead that Kraemer Dairy Store was born. Over the next three decades, Jim and Joanne worked to build the business, scoured the state to find the finest cheeses, and in the process, groomed the next generation of Kraemers. Beyond their keen eye for the best cheese and sausage products, the Kraemer family makes its own cheese spreads (17 varieties in all) from recipes created by Jim himself. These fine spreads are made in small, 40-pound batches to ensure quality, flavor and freshness. Still located in Watertown, the Kraemer family sells and ships more than 500,000 pounds of premium cheese and cheese products each year all over the country and abroad. Today, thanks to Jim and his wife, Joanne, and sons Mike, Richard, and son in law Dan. Kraemer Wisconsin Cheese is carrying on the Kraemer legacy as a shining example of hard work, family values, attention to detail and quality products and service.

Website: https://www.pheasant.com
Description: MacFarlane Pheasants, Inc has been in the game bird business since 1929 and has grown to be the largest pheasant producer in North America. Our years of experience not only helps us in our work to produce and raise the best birds on the market, it also allows us to supply our customers with the best service after sale. We maintain our own breeding flocks of pheasants, and in 2018 we produced 1.8 million day old pheasant chicks. We ship day old pheasants throughout the U.S. and Canada, exporting to Europe and the Middle East as well. We keep nearly 500,000 day old pheasants to be raised to maturity on our farm. As chicks, the pheasants are kept in brooder barns until they are six weeks old when they get moved to our 180 acres of netted covered pens. Our adult pheasants and partridges are delivered to customers throughout the U.S. and Canada. We raise a variety of birds including Chinese Ringneck Pheasants, Manchurian Ringneck Cross Pheasants, Kansas Pheasants, and Chukar Redleg. Partridges, and have imported pheasants from the Chinese wild and have retained this wild stock bloodline in our some of our birds. We take pride in keeping our customers happy and are always willing to share the ideals and ideas that have made our business a success. We host a bi-annual seminar where we share our knowledge of operating our pheasant farm with our community. As you browse through our website feel free to read through the Core Values that guide our business: humane treatment of our birds, customer satisfaction, business profitability with integrity, employee job satisfaction, stewardship of the Earth, and community involvement. Our site also includes related business news and success stories. Stop by and meet the Staff that makes our business so successful. Before you finish your visit, be sure to check out our online store which features a variety of bird meats as well as pheasants for sale.

Description: Madame Chu is a local condiments producer in Madison, Wisconsin. Madame Chu specialized in Southeast Asian Delicacies. All products are handmade in small batches and produced locally using all natural ingredients (no MSG, non-GMO, vegetarian). The company offers handcrafted products representing the authentic flavors. Each product uses techniques passed from generation to generation with a mission to fill the void of Southeast Asian condiments. They are sambal nyonya, ginger garlic, and satay peanut nyonya. Our company is currently focused on making these condiments with many more flavors slated for the future. Madame Chu is also planning to venture into the snack food and beverage sector.

It was founded in 2013, created for my passion of food. Mandy’s Mood Foods was the best way to describe me and my company as a whole. Food has always brought together my friends and family creating memorable moments.

Maple Buzz
Contact Name: Rob Cleek
Address:
Description:
The story of Maple Buzz begins and ends with friendship. McKenzie (Hermans) Cleek and Theresa (Van Deurzen) Baroun have been lifelong friends, having gone to elementary and high school together. As life continued, they married Rob and Jon, where they spent their time whipping those boys into men. Now that the job is done, they need a new focus. The Cleek family began beekeeping in 2015 after successfully petitioning the city of De Pere for allowing honeybees within city limits. The Baroun family have been managing the Van Deurzen family maple syrup business on the Maple Sweet Dairy sugarbush throughout their marriage. At some point, McKenzie and Theresa questioned...."what if we joined forces to make honey and maple specialty products?" Maple Buzz was formed. Today, we partner with Maple Sweet Dairy for maple syrup to produce high quality natural products that ensure we’re ‘Keeping it Sweet in Wisconsin’.

 Alternate Phone: 
 Fax: 715-830-0319
 Email: aleel@ovenworkspizza.com
 Alternate Email: 
 Website: http://www.ovenworkspizza.com
 Description: OvenWorks Pizza was started in the late 1980’s by James “Jimmy Boy” Edming of Glen Flora, WI. This modest little pizza company grew to be a force within the frozen pizza market serving Wisconsin, Michigan, Minnesota and other remote locations. The OvenWorks Pizza Corporation was purchased in February 2006, by another Wisconsin family ensuring the commitment to quality, craftsmanship and the use of premium ingredients would remain the cornerstone of this product. The weight in our pizza is not in the crust like so many others, but our density comes from the weighty Wisconsin cheese, quality meats and premium sauces. A message from the owners of OvenWorks Pizza: It was our personal experience with these great pizza products that sparked our interest and eventually led us down the path of becoming the owners. From our very first taste we knew this pizza offered something different, something unique, something no other pizza offered in the frozen pizza category. We hope you too enjoy “Something Special From Wisconsin!” Alan & Wendy

Description:
Beginning in a local kitchen in 1963, Palo Popcorn is a family owned, small batch manufacturer of gourmet cheddar popcorns based in Sheboygan Falls, WI. What started out as a company supplying popcorn to corner taverns across Sheboygan County has now evolved into a brand available in Grocery, Convenience, Mass, Liquor, and Gourmet Food Stores from coast to coast. Palo Popcorn's great taste is like no other and is the result of the high quality ingredients we use: pure coconut oil (nature's healthy oil), non-GMO popcorn seed, and real cheddar cheese. Our popcorns contain No Trans Fats, No Preservatives, and are Gluten Free! We are passionate about making the best tasting cheddar popcorns available and hope you enjoy Palo Popcorn as much as we enjoy bringing it to you.

Fax:
Email: sales@plattevillesunfloweroil.com
Alternate Email:
Website: http://www.plattevillesunfloweroil.com/
Description: Over 50 students and 11 local businesses helped start the Platteville Sunflower Project in 2013. Together, we grew sunflowers, harvested seeds, and pressed oil right here in Platteville, WI. Sunflower oil is a healthy alternative to olive oil, and by being locally grown it has less of a carbon footprint. As a bonus, the seed husk byproduct makes a great cattle feed. Our cold pressed oil, with a slightly nutty flavor, is grown with certified organic sunflower seeds here in Wisconsin's Driftless Region and bottled on campus by University of Wisconsin-Platteville students. All profits from the sales of our oil help to fund sustainability and renewable energy related education and community engagement throughout southwestern Wisconsin. Our website with more information: http://www.plattevillesunfloweroil.com/

Website: http://www.riemerfamilyfarm.com
Description: OUR FARM We are the third generation of the Riemer family to farm this land in South Central Wisconsin. OUR ANIMALS All of our animals are raised without antibiotics, steroids, hormones or animal byproducts. Our animals are rotationally grazed on pasture in season. Our animals are raised humbly and we ensure that they always have access to the outdoors, even in the off season. ---- We believe happy, healthy animals result in healthy, delicious meat. Our beef and lamb are 100% grass fed and finished. Our pork and poultry receive supplemental feed. Our non-GMO ration feed comes from our local, hometown mill and all of our meat is processed at local, family-owned butcher shops. OUR LAND We pride ourselves on using regenerative practices so that this land can be viable for generations to come. We want to do better than just sustain the land, we want to build soil and improve land and water conditions through careful movement of animals. We rotationally graze our animals and disrupt the soil as little as possible. Diverse perennial pastures help us to build and retain the soil, maintain soil life and prevent erosion; ----- We believe that healthy, nutrient dense food is the result of caring for not only the animals but for the land that sustains them, starting with the soil. OUR CUSTOMERS We believe in transparency and would love to show you around. Customers are always welcome to visit our farm! Contact us for more information on open house events and tour options. Our on farm store is open: Thurs: 8-9, Friday: 8-5, Saturday: 3-5, Sunday: 12-5. We make regular deliveries to the Madison and Milwaukee areas and can be found at the Woodstock Farmers market both in the summer and winter. See our website for more details.

Website: http://www.SkardaMapleFarms.com  
Description:  
The Skarda family settled in Kellnersville, WI in 1861 and the land has remained in the family since that time. As farmers and blacksmiths, the early ancestors prided themselves on living off the land. The maple trees located on the Skarda property have been producing syrup for many years, and now it has been bottled for your enjoyment. We hope you enjoy our sweet, pure maple syrup; tapped and bottled with care by Skarda Maple Farms.

Description: The National Brewery Museum & Library(TM) is a volunteer non-profit educational organization under 501 (c) (3) of the Internal/revenue Code. The American Breweriana Association (ABA) lending library was founded in 1982 as part of ABA members services program. The collection has been assembled through the generosity of ABA members' donations. The library is open to the public at the National Brewery Museum and Library. All library resources are available to ABA members at the library or through the mail. The National Brewery Museum & Library is located in Potosi, Wisconsin in the remodeled historic Potosi Brewery. Every five years the annual meeting of the ABA is held within 100 miles of Potosi, Wisconsin with members coming from 50 states and about 24 foreign countries. Usually the annual meeting is held at either Dubuque, Iowa (19 miles away) or Madison, Wisconsin (about 100 miles away). In 2018 the annual meeting was held in Dubuque, Iowa for the 10th anniversary of the opening of the National Brewery Museum and Library at Potosi, Wisconsin.

The Big Band Reunion ~ The Little Big Band

Alternate Email: juliet@themapledude.com
Website: http://www.themapledude.com
Description: Welcome to The Maple Dude. Each year from about mid March to mid April we produce the some of the best pure maple syrup available. We also raise 100% grass fed all natural bison. We've been at this many years now but our maple tradition goes back much further than that. I learned the skill of "sugar making" from my father and grandfather. When you consider the fact that my family was the first to settle the central Wisconsin area we've actually been producing maple syrup since they arrived here from Germany in 1856. We take pride in what we produce. Hand crafted quality best describes what we do. While many
producers use such practices as oil for fuel we use more traditional methods. We boil all of our maple over a wood fired evaporator. Making maple syrup is something we love to do. We hope you enjoy the products we produce!
