Description:
My wife and I live in the country midway between the two small towns we grew up in. The quiet environment offers us the privacy we relish, and allows us to meet our worlds on our terms. My shop isn't large but it is equipped with everything from 18th & 19th century hand tools, (some from my great grandfather) to the most modern power tools, including a CNC router with 48” x 54” capabilities. I built the shop (my third) the way I wanted, mostly by my own hand. We market directly as well as through retail outlets.

**Alternate Email:** drdavejones007@gmail.com  
**Website:** https://bowerslakecoffee.com/  
**Description:**  
We are a 100% organic coffee roasting company started in January of 2018. We are located outside of Whitewater, WI near the nice, albeit small, Bowers Lake. Currently, there are Five of us (Family owned) involved in this roasting organic coffee business with one Master Roaster, Dave ‘Papa’ Jones, who has been roasting his own coffee for the last 20 years. We are veteran owned and operated meaning that 3 of us are Veterans (2 Army and 1 Navy) and the other 2 are veteran wives. In our opinion, the veteran wives are just as important to the military and are truly under appreciated.

**Alternate Email:** colleen@centurysprings.com  
**Website:**  
**Description:**  
Century Springs has provided Wisconsin with great tasting water for more than 100 years. We started by bottling natural spring water from its source in Waukesha County. As we established a reputation in the community for friendly and helpful customer service, Century Springs expanded its product offerings to meet all drinking water needs of area residents and business owners. Our bottled water comes from an all-natural spring in southeastern Wisconsin. Our water filtration systems utilize UV sanitation and reverse osmosis to keep the drinking water from your home or office fresh. Customers can rely on Century Springs for a regular delivery of affordable, high-quality spring water, distilled water, purified water, and fluoridated water.
Century Springs offers the water in containers of various sizes, with 5-gallon bottles being the most popular. Case water also can be delivered as standard branded bottles or with custom-printed labels for businesses and special events.

Description:
Clasen Quality Chocolate (CQC) is a WI based, wholesale manufacturer of chocolate and confectionery coatings. We also have a full line of retail products and packaging options to fit your private label and branding needs. Our brand portfolio includes Artisan Kettle Organic Chocolate items. History: In 1959, recent German immigrants the Clasen brothers opened a European bakery in Madison, Wisconsin and marketed on a small scale to friends and local neighbors. The business expanded and became the Clasen Candy Company in 1966. Four years later, the brothers began to produce and market their own confectioner's coating and changed the name to Clasen Quality Coatings, Inc. to reflect the company's new focus. In 1998, Ralph Clasen sold the company to a private entrepreneur and current owner with the intent of maintaining the philosophy and tradition that made Clasen successful. Since this transfer of ownership, CQC has transitioned from a small, regional compound coating manufacturer to a major supplier of both standard and customized formulations and value-added, confectionery ingredients across North America.

Description:
Located in Central Wisconsin, ColdSnap Aquaponics can provide fresh local produce 365 days a year. Facility includes a clean, controlled environment supporting the Standard Operating Procedures (SOPs) and Good Agricultural Practices (GAP) as measured against Aquaponics Industry standards for bio-security and food safety. ColdSnap Aquaponics, LLC produces several varieties of lettuce, veggies, herbs, microgreens, and fish, in a simple closed loop system. Tilapia fish in tanks provide a nutrient rich source of water that passes through a biological filtration process. Clear flowing, nutrient rich water sustains the plants growing in floating rafts. Water is circulated back to the fish tanks and begins the process again. A 10,000-square foot greenhouse provides a year-round growing environment for luscious lettuce, veggies, microgreens, herbs, and fish.

We are proud to use Wisconsin grown hemp in this product line. We begin by working with some of the best Wisconsin organic farmers, knowledgeable in growing Hemp. Why choose us? By now, you may have seen or heard the many products available on the market. All of us at AbbyChristopher take great pride in offering our customers the best CBD products available. Please consider the following when shopping around for a CBD product: We are a Wisconsin based owned and operated CBD company that focuses only on our AbbyChristopher Brand. We partner with some of the best Wisconsin Organic Farmers knowledgeable in growing Hemp. We utilize a reputable off-site 3rd party testing facility to make sure the cannabinoids are intact and tested for uniform strength and potency. (COA provided on website) Lab tests are essential to ensure you are getting a pure product, free from contaminants like heavy metals, pesticides, and microbes. FULLY TRACEABLE AbbyChristopher will process its CBD oil in Wisconsin, in a brand-new, state-of-the art 25,000 square foot facility located in Big Bend, WI and dedicated solely to the practice of extracting and processing high-quality oils. Hemp Oil vs. Hemp Seed Oil Industrial hemp products can be confusing to decipher. Hemp oil commonly refers to oil products derived from hemp extracts, which come from the stems, leaves and buds of the plant, including cannabinoids also known as CBD oil. Hemp seed oil comes from the small seeds of the Cannabis sativa plant. The seeds do not contain the same levels of compounds as the plant itself, but they still have a rich profile of nutrients, essential polyunsaturated and fatty acids, and useful bio-active compounds. They have about a 3:1 ratio of omega-6 to omega-3, which is considered in the optimal range. Uses of Hemp seed oil: Hemp seed oil is a healthy cooking oil alternative. Cooking with Hemp seed oil offers a nutty and earthy flavor, great for savory dressings and sauces. You may also use Hemp seed oil as a skin lotion.

Website: curtsgourmetpopcorn.com  
Description:  
Curt's Gourmet popcorn started in 1985, in a stand Curt built with his father Walter Roeming. Located on the Square in downtown Madison WI on the corner of East Washington and Pinckney until 2005 (22 years) until Construction in the area caused it to be relocated to various spots. Curt's corn has been serving the downtown business people during the week for over 27 years. In 2008 purchased a new stand which made its debut the spring of 2009, which is one of the stands seen on the square today. In 2011 a second stand made it's debut on the square named after Curt's father Wally, It is named Wally's Wandering popcorn stand. During this time different recipes for flavored corn specifically caramel and cheese were being tested and developed into the unique recipes used today. Originally it started as fresh popped gourmet popcorn. Expanded to cheese and caramel and now in the last year Curt's Gourmet popcorn now makes a wide variety of flavors all popped, packed and shipped fresh to you. In 1986 Curt's Gourmet popcorn had such a strong following he was asked to participate in concerts on Square in downtown Madison. This is a fund raising event for the Wisconsin Chamber Orchestra that occurs 6 weeks every July and August. Serving Gourmet white popcorn, cheese popcorn, caramel corn, and combinations of them. In the past few years we introduced other gourmet flavors such as peanut butter and jelly and chocolate covered cherry.

Description:
Meant to conserve and protect the environment, I came to make these because of my interest in having a toxin-free, dependable aid so that I could light my own fires, easily, every time. Founded in 2017 I have slowly grown, with much local and country wide support - Eco Fire, LLC. I produce these by myself, knowing that in the act of lighting a fire we are doing something very primal, Interacting with nature. A core experience. My fiance, Colin Williams, works equally hard in the venture, from Wales till April 2019.

Description:
Granny Elsie always had a pie on the table - and as Kelly was growing up, she was always helping her grandma with the gardening and canning. Today, Kelly is still canning and baking pies. She's using family recipes, local ingredients, and traditional style baking at the shop she named after her "granny": Elsie Mae's Canning & Pies. Formerly a fishery scientist, Kelly is now a shopkeeper who is sharing her family traditions, her family recipes, and a piece of herself with her customers. Visit the shop at any given time, and you can see Kelly and her staff at work making a variety of seasonal pies and jams. Everything is done on site, with the kitchen workspace visible for all to see.

Alternate Phone: 608-698-1204
Fax:
Email: tom@fevoldenfarm.com
Alternate Email: gini@fevoldenfarm.com
Website: www.fevoldenfarm.com
Description:
Fevolden Farm is a family owned farm in west central Wisconsin, just outside Black River Falls. The farm has been in the family over 150 years since Ole Olson Fevolden came to America from Norway in 1869. In 2002 the current generation formed a partnership to begin raising Huacaya alpacas. We shear the alpacas' in the spring. This gives us their warm soft fiber to make into yarn and other products and helps prevent heat stress in the animals. We process the fiber in our studio in Cottage Grove WI to produce yarn, hats, scarves and other products. Products are sold at our Black River Falls and Cottage Grove locations as well as at local craft/fiber events and now through our online store.

Description: Flyte Family Farms prides themselves on being one of the most diversified farms in Wisconsin growing organic and conventional crops. Hydroponic crops extend their growing season. Sustainably grown strawberries and organic blueberries are among the many crops grown. Organic potatoes, creamer potatoes, sweet potatoes, cabbage, and canning crops are also staples on the farm. Value added products such as blueberry jelly and sauce, strawberry dessert topping, and salsas are processed in their certified kitchen. Farm to Table Dinners feature all of the crops on their farm through out the summer.

FoodChain, LLC
Contact Name: Will Olson
Address: 215 N Water St Suite 400
Milwaukee WI 53202
Phone: 608-575-5211
Alternate Phone: will.olson@food-chain.biz
Fax: winters@food-chain.biz
Website: https://food-chain.biz
Description: FoodChain is a Wisconsin-based company that combines an online marketplace with a reliable last-mile distribution system to connect local producers with restaurants, grocery stores, and institutional cafeterias and increase access to fresh, local food. Through FoodChain, producers create accounts and upload products to forge direct relationships with wholesale purchasers while buyers are provided with a platform to browse, compare, and purchase local food products. Our priority is to support local food systems by improving the accuracy, efficiency, and scale of commercial transactions between the producers and purchasers of fresh, local food. With a centralized drop-off location and distributive partners handling last-mile distribution, FoodChain aggregates and organizes products so producers can fulfill all their orders with a single delivery while purchasers receive a consolidated purchase order and delivery. This saves producers time typically spent on marketing and distributing local food sales while streamlining the ordering process for purchasers. Moreover, FoodChain simplifies the payment system, processing all payments online and consolidating invoices from multiple vendors into one digital invoice.

Description: We are a home-based soy candle company in the Madison area. We create and manufacture all of the candles from start to finish, including the candle recipes and packaging. All shows and promotional events we do are exclusively in Wisconsin.
Fox Smokehouse and Eatery barbecue sauce is a thinner in texture barbecue sauce, but it’s robust in flavor, with ingredients such as chipotle pepper, cumin, vanilla, lemon juice and cinnamon. The thin texture allows this style of sauce to soak into the meat as it cooks, giving it a rich, full flavor that goes beyond the surface.

Hartland Organic Family Farm, LLC
Contact Name: Meghan Findley
Address: W314N7242 State Road 83
Hartland Organic Family Farm is dedicated to community based food systems while minimizing our carbon footprint to better the environment. We collect food waste from local businesses, and compost or vermicompost it into nutrient rich soil. We sell the vermicompost as an organically made, all natural fertilizer. We grow micro greens and baby greens for sale. We believe in bettering the community by working with it to minimize the impact of food waste in landfills. Through this cooperative process we can provide healthy and nutritious food year round. Since our food is grown locally year round, the community can have the satisfaction of knowing their produce is economically reasonable and environmentally sound.

Alternate Email: healthbyplants@icloud.com
Website: healthbyplants.weebly.com
Description: Health By Plants in Pine River, WI, became the first Certified Naturally Grown farm in Waushara County in June of 2016. We received our produce certification last year for vegetables, fresh herbs, berries, tree fruits and grapes. We grow on a half-acre in raised beds and in a geodesic greenhouse, where we implement ecologically-friendly practices like composting and crop rotation to maintain our small and highly diverse farm. For personal, environmental, and sustainability reasons, we don’t use animal inputs of any kind in our operation. Certified Naturally Grown (CNG) is a certification program for farmers and beekeepers who use natural practices, without any synthetic chemicals or GMOs, to produce food for their local communities. Many farmers choose CNG because its peer-review inspections serve to foster direct relationships and learning opportunities among farmers, in addition to verifying the program standards are being upheld. Health By Plants is proud to join this nationwide movement of more than 800 small family farmers. We were inspired to live a plant-based lifestyle after watching the documentary, “Forks Over Knives” in 2012. In 2016, we earned certificates in Plant-Based nutrition from eCornell/ T. Colin Campbell Center for Nutrition Studies. From there, we started raising our own fruits and vegetables and soon after decided to bring our produce to market. At the market, you can expect to find staples like tomatoes, peppers, potatoes, beans, onions and cabbage, in addition to other favorites. In future seasons, we’re looking forward to harvesting asparagus and garlic for market. From seed to table, we’re involved in producing healthy, sustainable food every step of the way.

Description:
American ginseng roots by Hsu’s Ginseng are available in several families and sizes for a multitude of uses in foods, soups, teas, and gift-giving. American ginseng is a yin (cooling) tonic, for those who are yang (hot) in nature. It is recommended for all ages and sexes, for all seasons, and for daily, long-term use. As an adaptogen, a natural substance known to normalize body functions, American ginseng helps the body to utilize other substances more efficiently and supports elimination of those toxic substances that affect the body's well-being. Hsu's Ginseng Enterprises, Inc. is the world’s premier American Ginseng grower, importer and exporter of the storied crop since 1974. Hsu's defines the international American ginseng trade through numerous export awards at the state and national level. Located in Marathon County, WI, we operate on over 1,000 acres of virgin ginseng land to produce highly prized Wisconsin-grown American ginseng. Our investment into growing the highest quality American Ginseng for over 40 years allows us to create unique ways to enjoy ginseng in your daily life. The North 45th parallel represents distinguished climates and environments as it circles the globe. Almost 90% of the United States American ginseng crop is grown within a 25 mile radius of where the N 45th parallel crosses Wausau, Wisconsin. A four-season weather pattern takes place along this geographic designation, offering several unique agricultural products each with their own special characteristics created by a distinctive environment usually referred to as “terroir”. In temperatures below 32 degrees Fahrenheit (0 degrees Celsius) with ample amounts of snow in the winter and the right amounts of heat and rainfall through the growing season, American ginseng flourishes. We are proud to operate near the North 45th parallel designation and continually provide the highest quality Wisconsin-grown American Ginseng year after year for our fans and customers both here and abroad.

Description:  
Jug Creek Sweets is an organic maple syrup producer in Vernon County, Wisconsin. Maple syrup is produced from our 80 acre farm, on Jug Creek Road, in Stark township. We do not buy sap for, or haul sap to our operation. All syrup originates from our woods only. This makes for the freshest sap and the highest quality syrup. All equipment is of the highest quality. Our sap goes directly from the tree to the evaporator and is processed into our syrup daily during maple season. We make a limited amount of syrup, which is dependent on mother nature. The best syrup practices make the best syrup and that syrup is always in high demand.

Description:
Kingdom Works, Inc. is a unique business, providing Amish-made foods from small family farms across Wisconsin. All are hand-planted, hand-harvested, having no pesticides nor herbicides. Products are grown organically, having to travel a mere three miles from field to cannery. No fossil fuels used in the planting and harvesting of our products. You satisfaction is guaranteed. 100% of profits is donated to the Kingdom Works Foundation, a non-profit organization that gives money away to deserving non-profit organizations, churches & youth groups, school programs, and other related organizations. We do this by making available fundraising programs/packages to participating organizations. NOTE: at this time, we are in the process of creating our website. Therefore, the www.FamilyFarmPantry.com URL is not released to the public yet. We anticipate the completion of this by September or October, 2019.

Website: http://www.kraemercheese.com
Description:
The story begins in the small Wisconsin community of Watertown. It was here that Tony Kraemer, a lifelong farmer, decided to build a small dairy business on his property. Could Tony, the patriarch of the Kraemer family enterprise, ever have envisioned that three generations later, his family would still be carrying on the tradition for fine dairy products and service he began in the 1920s. Tony’s farm and dairy operation survived the Depression, and he was able to build his business through the next two decades. In 1949, Tony’s son, Jim, joined his father, concentrating on all facets of the operation. Jim spent years learning his father’s business, doing everything from working the farm and land, to delivering milk and building a loyal customer base. But Jim’s interests lay in another area of the operation, and in the early 1970s, he and his wife, Joanne, were able to realize their dream. It was here, on the family homestead that Kraemer Dairy Store was born. Over the next three decades, Jim and Joanne worked to build the business, scoured the state to find the finest cheeses, and in the process, groomed the next generation of Kraemers. Beyond their keen eye for the best cheese and sausage products, the Kraemer family makes its own cheese spreads (17 varieties in all) from recipes created by Jim himself. These fine spreads are made in small, 40-pound batches to ensure quality, flavor and freshness. Still located in Watertown, the Kraemer family sells and ships more than 500,000 pounds of premium cheese and cheese products each year all over the country and abroad. Today, thanks to Jim and his wife, Joanne, and sons Mike, Richard, and son in law Dan. Kraemer Wisconsin Cheese is carrying on the Kraemer legacy
as a shining example of hard work, family values, attention to
detail and quality products and service.

Alternate Email: k.haas@pheasant.com
Website: https://www.pheasant.com
Description: MacFarlane Pheasants, Inc has been in the game bird business since 1929 and has grown to be the largest pheasant producer in North America. Our years of experience not only helps us in our work to produce and raise the best birds on the market, it also allows us to supply our customers with the best service after sale. We maintain our own breeding flocks of pheasants, and in 2018 we produced 1.8 million day old pheasant chicks. We ship day old pheasants throughout the U.S. and Canada, exporting to Europe and the Middle East as well. We keep nearly 500,000 day old pheasants to be raised to maturity on our farm. As chicks, the pheasants are kept in brooder barns until they are six weeks old when they get moved to our 180 acres of netted covered pens. Our adult pheasants and partridges are delivered to customers throughout the U.S. and Canada. We raise a variety of birds including Chinese Ringneck Pheasants, Manchurian Ringneck Cross Pheasants, Kansas Pheasants, and Chukar Redleg. Partridges, and have imported pheasants from the Chinese wild and have retained this wild stock bloodline in our some of our birds. We take pride in keeping our customers happy and are always willing to share the ideals and ideas that have made our business a success. We host a bi-annual seminar where we share our knowledge of operating our pheasant farm with our community. As you browse through our website feel free to read through the Core Values that guide our business: humane treatment of our birds, customer satisfaction, business profitability with integrity, employee job satisfaction, stewardship of the Earth, and community involvement. Our site also includes related business news and success stories. Stop by and meet the Staff that makes our business so successful. Before you finish your visit, be sure to check out our online store which features a variety of bird meats as well as pheasants for sale.

Description: Madame Chu is a local condiments producer in Madison, Wisconsin. Madame Chu specialized in Southeast Asian Delicacies. All products are handmade in small batches and produced locally using all natural ingredients (no MSG, non-GMO, vegetarian). The company offers handcrafted products representing the authentic flavors. Each product uses techniques passed from generation to generation with a mission to fill the void of Southeast Asian flavors in the market. Madame Chu currently carries 3 flavors of Southeast Asia condiments. They are sambal nyonya, ginger garlic, and satay peanut nyonya. Our company is currently focused on making these condiments with many more flavors slated for the future. Madame Chu is also planning to venture into the snack food and beverage sector.

Maple Buzz
Contact Name: Rob Cleek
Address: 914 Merrill Street
De Pere WI 54115
Phone: 920-471-8425
Alternate Phone:
Fax:
Email: maplebuzzwi@gmail.com
Alternate Email:
Website: www.maplebuzzwi.com
Description: The story of Maple Buzz begins and ends with friendship. McKenzie (Hermans) Cleek and Theresa (Van Deurzen) Baroun have been life long friends, having gone to elementary and high school together. As life continued, they married Rob and Jon, where they spent their time whipping those boys into men. Now that the job is done, they need a new focus. The Cleek family began beekeeping in 2015 after successfully petitioning the city of De Pere for allowing honeybees within city limits. The Baroun family have been managing the Van Deurzen family maple syrup business on the Maple Sweet Dairy sugarbush throughout their marriage. At some point, McKenzie and Theresa questioned....“what if we joined forces to make honey and maple specialty products?” Maple Buzz was formed. Today, we partner with Maple Sweet Dairy for maple syrup to produce high quality natural products that ensure we’re ‘Keeping it Sweet in Wisconsin’.

Maple Hill Farm
Contact Name: Brian Michielson

Description:  
As the fourth generation we own and operate the Marr family's homestead farm located south of Mineral Point. Established in 1874, our land is nestled in the breathtaking Driftless Region of Southern Wisconsin. We raise Black Angus Beef for your dining pleasure. Our cattle are pasture and forage fed, with access to grains during finishing. They are always free to roam about at their own will. Since 1999, we've sold our Black Angus Beef products by the individual cut, quarters, halves and wholes. We partner with family friends to also offer a full line of Pork products to compliment our beef. We have a robust, 3 Meat CSA with pickup sites across Southern Wisconsin from Mineral Point to Milwaukee.

Alternate Phone:
Fax: 715-830-0319
Email: alee@ovenworkspizza.com
Alternate Email:
Website: http://www.ovenworkspizza.com
Description:
OvenWorks Pizza was started in the late 1980's by James "Jimmy Boy" Edming of Glen Flora, WI. This modest little pizza company grew to be a force within the frozen pizza market serving Wisconsin, Michigan, Minnesota and other remote locations. The OvenWorks Pizza Corporation was purchased in February 2006, by another Wisconsin family ensuring the commitment to quality, craftsmanship and the use of premium ingredients would remain the cornerstone of this product. The weight in our pizza is not in the crust like so many others, but our density comes from the weighty Wisconsin cheese, quality meats and premium sauces. A message from the owners of OvenWorks Pizza: It was our personal experience with these great pizza products that sparked our interest and eventually led us down the path of becoming the owners. From our very first taste we knew this pizza offered something different, something unique, something no other pizza offered in the frozen pizza category. We hope you too enjoy “Something Special From Wisconsin!” Alan & Wendy

Palo Foods Inc.

Website: http://www.palopopcorn.com
Description:
Beginning in a local kitchen in 1963, Palo Popcorn is a family owned, small batch manufacturer of gourmet cheddar popcorns based in Sheboygan Falls, WI. What started out as a company supplying popcorn to corner taverns across Sheboygan County has now evolved into a brand available in Grocery, Convenience, Mass, Liquor, and Gourmet Food Stores from coast to coast. Palo Popcorn’s unique taste is the result of our hand-crafted process using high quality ingredients: pure coconut oil (nature’s healthy oil), non-GMO popcorn seed, and real cheddar cheese. Our popcorns contain No Trans Fats, No Preservatives, and are Gluten Free! We are passionate about making the best tasting cheddar popcorn available and hope you
enjoy Palo Popcorn as much as we do!

Alternate Phone: 608-719-9730
Fax:
Email: sales@plattevillesunfloweroil.com
Alternate Email:
Website: http://www.plattevillesunfloweroil.com/
Description: Over 50 students and 11 local businesses helped start the Platteville Sunflower Project in 2013. Together, we grew sunflowers, harvested seeds, and pressed oil right here in Platteville, WI. Sunflower oil is a healthy alternative to olive oil, and by being locally grown it has less of a carbon footprint. As a bonus, the seed husk byproduct makes a great cattle feed. Our cold pressed oil, with a slightly nutty flavor, is grown with certified organic sunflower seeds here in Wisconsin’s Driftless Region and bottled on campus by University of Wisconsin-Platteville students. All profits from the sales of our oil help to fund sustainability and renewable energy related education and community engagement throughout southwestern Wisconsin. Our website with more information: http://www.plattevillesunfloweroil.com/

Website: http://www.riemerfamilyfarm.com
Description: OUR FARM We are the third generation of the Riemer family to farm this land in South Central Wisconsin. OUR ANIMALS All of our animals are raised without antibiotics, steroids, hormones or animal byproducts. Our animals are rotationally grazed on pasture in season. Our animals are raised humanely and we ensure that they always have access to the outdoors, even in the off season. ----- We believe happy, healthy animals result in healthy, delicious meat. Our beef and lamb are 100% grass fed and finished. Our pork and poultry receive supplemental feed. Our non-GMO ration feed comes from our local, hometown mill and all of our meat is processed at local, family-owned butcher shops. OUR LAND We pride ourselves on using regenerative practices so that this land can be viable for generations to come. We want to do better than just sustain the land, we want to build soil and improve land and water conditions through careful movement of animals. We rotationally graze our animals and disrupt the soil as little as possible. Diverse perennial pastures help us to build and retain the soil, maintain soil life and prevent erosion. ----- We believe that healthy, nutrient dense food is the result of caring for not only the animals but for the land that sustains them, starting with the soil. OUR CUSTOMERS We believe in transparency and would love to show you around. Customers are always welcome to visit our farm! Contact us for more information on open house events and tour options. Our on farm store is open: Thurs: 8-9, Friday: 8-5, Saturday: 3-5, Sunday: 12-5. We make regular deliveries to the Madison and Milwaukee areas and can be found at the Woodstock Farmers market both in the summer and winter. See our website for more details.

Description:
Our company has changed to Roadside Cucina and Cannery. We now process Augusta's Antipasto in our licensed kitchen. We co-pack for other businesses as well. We make our Italian family recipes using local in season ingredients and sell at local farmers markets and event. We also cater small events. Our family version of antipasto began with the second generation "Giordanis." They came from Italy to the Upper Peninsula of Michigan in 1906 and brought with them their Authentic Italian recipes. Our family gatherings traditionally began with antipasto, red wine, garlic bread, and animated conversations. My grandmother and mother were passionate about cooking for their families and it showed by preparation and presentation of delicious traditional Italian dinners. Watching these women cook influenced me greatly. I not only have the love for cooking, but the desire to teach and share with others. We have put together our families' recipe of antipasto to share with all of you. Antipasto literally means "before the meal." The main purpose for antipasto was to extend the meal. It started the meal followed by salad, soup, pasta with meat, and a light dessert. The abundance of courses was only part of the experience. The other part was the animated family conversation. The combination of antipasto and conversation maintained our family relationships. Augusta's Antipasto is named after my grandmother, a picture of my mother decorates the jar, and I've named my business with the thoughts of family. This recipe and the love of cooking continue today with my daughters' participation in continuing this tradition. We hope you enjoy our antipasto as much as we do. Sincerely, Diana

Description: Sassy Cow Creamery is a farmstead dairy owned and operated by brothers James and Robert Baerwolf and their families. Pride is taken to bottle great-tasting milk, make award-winning premium ice cream and make the best tasting grilled cheese sandwiches you can find. A diversified farm, they are unique in providing both organic and traditional milk, over 50 flavors of ice cream and savory menu options from the Farmhouse Kitchen Cafe. Located in Columbus, WI the Baerwolf family has been farming the same land for three generations and places the highest value on the well-being of the land and animals. Their love for the cows and for the work is a true family tradition.

**Alternate Email:** juliet@themapledude.com  
**Website:** http://www.themapledude.com  
**Description:**  
Welcome to The Maple Dude. Each year from about mid March to mid April we produce the some of the best pure maple syrup available. Maple syrup, sugar, cream, candy, cotton candy, cookies, ice cream, soda, coffee, almonds and more! We've been at this many years now but our maple tradition goes back much further than that. I learned the skill of "sugar making" from my father and grandfather. When you consider the fact that my family was the first to settle the central Wisconsin area we've actually been producing maple syrup since they arrived here from Germany in 1856. We take pride in what we produce. Hand crafted quality best describes what we do. While many producers use such practices as oil for fuel we use more traditional methods. We boil all of our maple over a wood fired evaporator. Making maple syrup is something we love to do. We hope you enjoy the products we produce!

Wisconsin Aquaculture Association works to promote, educate and advocate for economic vitality and environmental sustainability. Our fish farmers provide bait for recreation, fish for stocking, fee-fishing for recreation, fish for food and added value products like smoked fish, spreads and dips. Wisconsin Aquaculture provides safe, quality, environmentally sound food and recreational products for today’s health conscious and savvy consumer, while utilizing sustainable, environmentally friendly use of our State’s Great Natural Resources. Wisconsin Aquaculture Association’s committees are instrumental in...
working with state entities, including DATCP, DNR, and UW on legislation and policies vital to the state’s aquaculture industry. Our Association sponsors an annual Wisconsin Aquaculture Conference, Aquaculture Day, the FFA Aquaculture Supervised Agricultural Experience, among others.

Description: Zymbiotics, LLC makes award winning pre and probiotic naturally fermented foods such as Jeff's Zimchi (kimchi), Jeff's Vegan Zimchi, Jeff's Zauerkraut (sauerkraut) , Jeff's Ginger Zarrots (ginger carrots) and Jeff's Beetz (fermented beets). We are a local company based in Milwaukee, Wisconsin. We strive to minimize our environmental impact and source as much of our ingredients, packaging and labels locally as possible. Our mission is to promote our products as well as the culinary and health benefits of fermented foods. We work very hard to produce the best fermented foods possible carefully monitoring
the fermentation process so that our taste, texture and health benefits are at their highest level. We are also developing new recipes to help our customers find new and creative ways to use our products.
