Description:
We specialize in pastured Tamworth pork, nicknamed the bacon pig. When we heard Prince Charles was raising this breed, we had to find out for ourselves what made them so special. We also raise beef, goat and sell the neighbors maple syrup and goat milk soap at venues that we attend. Located in Fremont. Also obtained a meat distributor license so we can sell to restaurants.

My wife and I live in the country midway between the two small towns we grew up in. The quiet environment offers us the
privacy we relish, and allows us to meet our worlds on our terms. My shop isn’t large but it is equipped with everything from 18th & 19th century hand tools, (some from my great grandfather) to the most modern power tools, including a CNC router with 48” x 54” capabilities. I built the shop (my third) the way I wanted, mostly by my own hand. We market directly as well as through retail outlets.

New London WI 54961
Phone: 608-228-6617
Alternate Phone: Fax: Email: bouressafamilyfarm@gmail.com
Alternate Email: bouressafamilyfarm@gmail.com
Website: www.bouressafamilyfarm.com
Description: At Bouressa Family Farm, we raise 100% grass fed and finished beef. Our animals are on pasture year round, with access to fresh grass daily during the warmer months and grassy hay and alfalfa in the winter. Our animals are never given grain or growth hormones. We manage the land in a holistic manner, without synthetic fertilizers, herbicides, or pesticides believing that healthy soil, leads to healthy feed for the animals, and healthy and flavorful meat for our customers. We sell our meat in 15, 25, and 50 pound mixed packs as well as ¼ and ½ animals. We do deliver throughout the state with minimum orders and welcome visitors by appointment.

Bowsers Lake Coffee
Contact Name: David Jones
Address: 10038 E Bowers Lake Rd
Whitewater WI 53190
Phone: 262-391-5549
Alternate Phone: 920-723-1337
Fax: Email: davejones@bowerslakecoffee.com
Alternate Email: drdavejones007@gmail.com
Website: https://bowerslakecoffee.com/
Description: We are a 100% organic coffee roasting company started in January of 2018. we are located outside of Whitewater, WI near the nice, albeit small, Bowers Lake. Currently, there are Five of us (Family owned) involved in this roasting organic coffee business with one Master Roaster, Dave 'Papa' Jones, who has been roasting his own coffee for the last 20 years. We are veteran owned and operated meaning that 3 of us are Veterans (2 Army and 1 Navy) and the other 2 are veteran wives. In our opinion, the veteran wives are just as important to the military and are truly under appreciated.

**Website:** https://www.cultivatetaste.com/  
**Description:**  
At Cultivate Taste we do not use flavorings, candy, or sugar in our teas. We source direct, blend, and sell international award winning handcrafted and single origin loose leaf teas online, farmer’s markets, our tea salon, and wholesale. We strive to source organic and fair-trade teas whenever possible directly from the farms across China, Japan, Nepal, Sri Lanka, Thailand, Laos, Taiwan, India, etc? When we blend, we use high grade organic and fair-trade ingredients to enhance a tea not to mask it because we want you to enjoy and develop your palate, while feeling good that you are drinking something healthy too. We also use eco-friendly and biodegradable packaging because we believe in not harming the planet.

Website: http://www.duckcreekwine.com
Description: We are a craft winery, distillery and brewery located about 10-15 minutes southeast of Green Bay. We have a nice spacious tasting room where you can sit at a table or at the nice long bar while you enjoy a bottle or glass of wine or a cocktail. The tasting room has a lot of neat vintage décor that you can walk around and look at. It also has two glass garage doors overlooking the vineyard and meadow. We have three grape varieties planted in our vineyards: Marquette, Petite Pearl and Brianna. Our patio out back is another place you can sit while enjoying some award-winning wines or cocktails. We have won several international medals for all of our wines and spirits. We have dry and semi-sweet reds and whites, semi-sweet fruit wines, and mead wines. We have spirits ranging from gin, vodka, sorghum whiskey, bourbon, brandy, rum and several flavored moonshines. We brew five different flavors of Kombucha Tea (a probiotic non-alcoholic tea). The other neat thing we offer is where people can come to our winery and craft their own wine. There are two visits involved: one to make the wine and one to bottle, cork, capsule, and custom label the wine. We are a family run winery whose main goal is to create a fun atmosphere to enjoy our wines, spirits, beers, and kombucha.

**Description:**  
Meant to conserve and protect the environment. I came to make these because of my interest in having a toxin-free, dependable aid so that I could light my own fires, easily, every time. Founded in 2017 I have slowly grown, with much local and country wide support - Eco Fire, LLC. I produce these by myself, knowing that in the act of lighting a fire we are doing something very primal, Interacting with nature. A core experience. My fiance, Colin Williams, works equally hard in the venture, from Wales till April 2019.

Alternate Email: ginny@fevoldenfarm.com
Website: www.fevoldenfarm.square.site
Description: Fevolden Farm is a family owned farm in west central Wisconsin, just outside Black River Falls. The farm has been in the family over 150 years since Ole Olson Fevolden came to America from Norway in 1869. In 2002 the current generation formed a partnership to begin raising Huacaya alpacas. We shear the alpacas in the spring. This gives us their warm soft fiber to make into yarn and other products and helps prevent heat stress in the animals. We process the fiber in our studio in Cottage Grove, WI to produce yarn, hats, scarves and other products. Products are sold at our Black River Falls and Cottage Grove locations as well as at local craft/fiber events and now through our online store.

Description:
Flyte Family Farms prides themselves on being one of the most diversified farms in Wisconsin growing organic and conventional crops. Hydroponic crops extend their growing season. Sustainably grown strawberries and organic blueberries are among the many crops grown. Organic potatoes, creamer potatoes, sweet potatoes, cabbage, and canning crops are also staples on the farm. Value added products such as blueberry jelly and sauce, strawberry dessert topping, and salsas are processed in their certified kitchen. Farm to Table Dinners feature all of the crops on their farm throughout the summer.

FoodChain, LLC
Contact Name: Will Olson
Address: 215 N Water St Suite 400
Milwaukee WI 53202
Phone: 608-575-5211
Alternate Phone:
Fax: Email: will.olson@food-chain.biz
Alternate Email: winters@food-chain.biz
Website: https://food-chain.biz

Description:
FoodChain is a Wisconsin-based company that combines an online marketplace with a reliable last-mile distribution system to connect local producers with restaurants, grocery stores, and institutional cafeterias and increase access to fresh, local food. Through FoodChain, producers create accounts and upload products to forge direct relationships with wholesale purchasers while buyers are provided with a platform to browse, compare, and purchase local food products. Our priority is to support local food systems by improving the accuracy, efficiency, and scale of commercial transactions between the producers and purchasers of fresh, local food. With a centralized drop-off location and distributive partners handling last-mile distribution, FoodChain aggregates and organizes products so producers can fulfill all their orders with a single delivery while purchasers receive a consolidated purchase order and delivery. This saves producers time typically spent on marketing and distributing local food sales while streamlining the ordering process for purchasers. Moreover, FoodChain simplifies the payment system, processing
all payments online and consolidating invoices from multiple vendors into one digital invoice.

**Email:** info@sharaysgsb.com  
**Alternate Email:**  
**Website:** https://sharaysgsb.com/  

**Description:**  
We are a company that would like to make African food popular in America. We looked at doing our Ghana Style Peanut Brittle first since that has an American product that people could relate to. We teamed up with Sweet P's Pantry out of Oconomowoc, WI and did a few test runs to make sure we captured the flavor just like it's made in Ghana. Sweet P's did a great job, and the product has been a hit since we unleashed it in the Wisconsin market. What does Ghana Style mean? It is simply made with a lot of chopped peanuts, cane sugar, water, and salt. No corn syrup, butter, (yes this is Vegan), preservatives, baking soda, etc. It is also gluten free. The best thing about it is it doesn't stick to your teeth. We also use several local companies to help us in our quest to get the product out.

**Golden Heritage Farms**

**Alternate Phone:**  
**Fax:**  
**Email:** goodestgirlsalsa@gmail.com  
**Alternate Email:**  
**Website:** https://www.facebook.com/goodestgirlsalsa  

**Description:**  
We're a small non-profit that grows tomatoes and chilies in Milwaukee to make super local salsa. The sale of the salsa goes to support several Milwaukee based charities. This was our first year of operation, and we only sold salsa at community markets under the Cottage Food Laws. We want to formalize the business with the appropriate food licensing, and we were also interested in this trademark. We heavily emphasize local goods, since our product is grown and packaged in Milwaukee County, with all of our profits going to Milwaukee based charities. We believe the "Something Special from Wisconsin" branding would help clearly get our mission and message across via our labeling.

**Description:** HaloVino makes wine taste great when glass is not an option! HaloVino’s shatterproof, stackable, stemless wine glasses are also dishwasher safe and recyclable. Inventor & Founder, Jessica Bell, used her experience as a former sommelier and wine school owner to design patented HaloVino to mimic the shape of a crystal wine glass, with a narrow rim & wide body, but then repositioned the ?stem? around the center to prevent warm hands from cupping the wine. This resulting ?Halo? design makes wine taste great, but also creates a sturdy, portable, stackable and packable wine tumbler perfect for outdoor tastings, backyards, camping & boating. In addition to its great taste, HaloVino prevents spills, rests perfectly in cupholders and even FLOATS in pools! Finally, as a former Beverage Manager, Jessica had the insight to add ounce lines to ensure the perfect pour every time? A 6 oz pour hits just below the Halo, ensuring plenty of aeration and optimal taste & experience for your wines!

Description: Hartland Organic Family Farm is dedicated to community based food systems while minimizing our carbon footprint to better the environment. We collect food waste from local businesses, and compost or vermicompost it into nutrient rich soil. We sell the vermicompost as an organically made, all natural fertilizer. We believe in bettering the community by working with it to minimize the impact of food waste in landfills. Through this cooperative process we can provide healthy and nutritious food year round. Since our food is grown locally year round, the community can have the satisfaction of knowing their produce is economically reasonable and environmentally sound.

Website: http://www.healthbyplants.weebly.com
Description: Health By Plants in Pine River, WI, became the first Certified Naturally Grown farm in Waushara County in June of 2016. We received our produce certification last year for vegetables, fresh herbs, berries, tree fruits and grapes. We grow on a half-acre in raised beds and in a geodesic greenhouse, where we implement ecologically-friendly practices like composting and crop rotation to maintain our small and highly diverse farm. For personal, environmental, and sustainability reasons, we don't use animal inputs of any kind in our operation. Certified Naturally Grown (CNG) is a certification program for farmers and beekeepers who use natural practices, without any synthetic chemicals or GMOs, to produce food for their local communities. Many farmers choose CNG because its peer-review inspections serve to foster direct relationships and learning opportunities among farmers, in addition to verifying the program standards are being upheld. Health By Plants is proud to join this nationwide movement of more than 800 small family farmers. We were inspired to live a plant-based lifestyle after watching the documentary, ?Forks Over Knives? in 2012. In 2016, we earned certificates in Plant-Based nutrition from eCornell/ T. Colin Campbell Center for Nutrition Studies. From there, we started raising our own fruits and vegetables and soon after decided to bring our produce to market. At the market, you can expect to find staples like tomatoes, peppers, potatoes, beans, onions and cabbage, in addition to other favorites. In future seasons, we?re looking forward to harvesting asparagus and garlic for market. From seed to table, we?re involved in producing healthy, sustainable food every step of the way.

**Alternate Email:**  
**Website:** honeydownfarm.com  
**Description:**  
Honey Down Farm is a small farm located in Richfield. We are dedicated to raising dairy goats, poultry, and honey bees. We are blessed with rich butterfat milk, vitamin rich eggs from pasture raised chickens, and golden honey. This abundance led us to create natural bath products featuring ingredients from our farm. Our herd blesses us with quality goat milk that we use in our small batch cold process soap. The nutrient dense bars provide a gentle cleanser and natural exfoliate. Soaps are packaged in compostable biofilm. Our happy honey bees pollinate the garden and share their golden raw honey that we use in lotions and salves. Raw honey is the perfect beauty remedy.

Description:
American ginseng roots by Hsu's Ginseng are available in several families and sizes for a multitude of uses in foods, soups, teas, and gift-giving. American ginseng is a yin (cooling) tonic, for those who are yang (hot) in nature. It is recommended for all ages and sexes, for all seasons, and for daily, long-term use. As an adaptogen, a natural substance known to normalize body functions, American ginseng helps the body to utilize other substances more efficiently and supports elimination of those toxic substances that affect the body's well-being. Hsu's Ginseng Enterprises, Inc. is the world's premier American Ginseng grower, importer and exporter of the storied crop since 1974. Hsu's defines the international American ginseng trade through numerous export awards at the state and national level. Located in Marathon County, WI, we operate on over 1,000 acres of virgin ginseng land to produce highly prized Wisconsin-grown American ginseng. Our investment into growing the highest quality American Ginseng for over 40 years allows us to create unique ways to enjoy ginseng in your daily life. The North 45th parallel represents distinguished climates and environments as it circles the globe. Almost 90% of the United States American ginseng crop is grown within a 25 mile radius of where the N 45th parallel crosses Wausau, Wisconsin. A four-season weather pattern takes place along this geographic designation, offering several unique agricultural products each with their own special characteristics created by a distinctive environment usually referred to as "terroir". In temperatures below 32 degrees Fahrenheit (0 degrees Celsius) with ample amounts of snow in the winter and the right amounts of heat and rainfall through the growing season, American ginseng flourishes. We are proud to operate near the North 45th parallel designation and continually provide the highest quality Wisconsin-grown American Ginseng year after year for our fans and customers both here and abroad.

Description:
It's Poppin’! was an idea born out of our family's love of popcorn. We are a farming family and popcorn was often our snack of choice on busy days in the fields. Sometimes it was even our dinner after a long day working outside. We knew that each evening, we would all gather around the table to share a huge bowl of popcorn as a family. So over the years, a small kernel of an idea about making and selling popcorn grew into the opening of a retail location with popcorn as our main feature, making over 75 different flavors! Over the last 10 years, our popcorn store has evolved into the offering of uniquely seasoned popcorn and pretzels, our homemade Fresh Fudge, super premium Ice Cream, real Wisconsin cheeses and fresh cheese curds, and then the addition of our gift shop with unique gift items that you can give to just about any special person in your life. “Pop” in or

Alternate Email:
Website:
Description:
Jug Creek Sweets is an organic maple syrup producer in Vernon County, Wisconsin. Maple syrup is produced from our 80 acre farm, on Jug Creek Road, in Stark township. We do not buy sap for, or haul sap to our operation. All syrup originates from our woods only. This makes for the freshest sap and the highest quality syrup. All equipment is of the highest quality. Our sap goes directly from the tree to the evaporator and is processed into our syrup daily during maple season. We make a limited amount of syrup, which is dependent on mother nature. The best syrup practices make the best syrup and that syrup is always in high demand.

Website: https://www.KingdomWorksFoundation.com
Description: Kingdom Works, Inc. is a unique business, providing Amish-made foods from small family farms across Wisconsin. All are hand-planted, hand-harvested, having no pesticides nor herbicides. Products are grown organically, having to travel a mere three miles from field to cannery. No fossil fuels used in the planting and harvesting of our products. You satisfaction is guaranteed. 100% of profits is donated to the Kingdom Works Foundation, a non-profit organization that gives money away to deserving non-profit organizations, churches & youth groups, school programs, and other related organizations. We do this by making available fundraising programs/packages to participating organizations. NOTE: at this time, we are in the process of creating our website. Therefore, the www.FamilyFarmPantry.com URL is not released to the public yet. We anticipate the completion of this by September or October, 2019.

Description: We are a family-operated natural wellness company dedicated to
improving the lives of our customers! While we began our hemp farming operations in 2019, farming has been in our family for generations. From growing up on a small dairy farm to being a leader in the hemp industry, we have the love and appreciation for what it takes to be part of the movement. The exceptional quality of our CBD starts with the purity of our fields. Planted, harvested, and crafted in the heartland of Denmark, Wisconsin, we go all out when caring for our certified organic crops. That makes them happier and healthier, and we ought to know. From harvest to formulation to you, our CBD never leaves our sight. Konopie is traceable, transparent, and pure. Because of our rigor and high standards, we produce high quality consumer and animal products that help customers achieve the best quality of life.

Kraemer Wisconsin Cheese

Fax: 920-261-9606
Email: megan@kraemercheese.com
Alternate Email:
Website: http://www.kraemercheese.com
Description:
The story begins in the small Wisconsin community of Watertown. It was here that Tony Kraemer, a lifelong farmer, decided to build a small dairy business on his property. Could Tony, the patriarch of the Kraemer family enterprise, ever have envisioned that three generations later, his family would still be carrying on the tradition for fine dairy products and service he began in the 1920s. Tony’s farm and dairy operation survived the Depression, and he was able to build his business through the next two decades. In 1949, Tony’s son, Jim, joined his father, concentrating on all facets of the operation. Jim spent years learning his father’s business, doing everything from working the farm and land, to delivering milk and building a loyal customer base. But Jim’s interests lay in another area of the operation, and in the early 1970s, he and his wife, Joanne, were able to realize their dream. It was here, on the family homestead that Kraemer Dairy Store was born. Over the next three decades, Jim and Joanne worked to build the business, scoured the state to find the finest cheeses, and in the process, groomed the next generation of Kraemers. Beyond their keen eye for the best cheese and sausage products, the Kraemer family makes its own cheese spreads (17 varieties in all) from recipes created by Jim himself. These fine spreads are made in small, 40-pound batches to ensure quality, flavor and freshness. Still located in Watertown, the Kraemer family sells and ships more than 500,000 pounds of premium cheese and cheese products each year all over the country and abroad. Today, thanks to Jim and his wife, Joanne, and sons Mike, Richard, and son in law Dan. Kraemer Wisconsin Cheese is carrying on the Kraemer legacy as a shining example of hard work, family values, attention to detail and quality products and service.

**Description:**  
Madame Chu is a local condiments producer in Madison, Wisconsin. Madame Chu specialized in Southeast Asian Delicacies. All products are handmade in small batches and produced locally using all natural ingredients (no MSG, non-GMO, vegetarian). The company offers handcrafted products representing the authentic flavors. Each product uses techniques passed from generation to generation with a mission to fill the void of Southeast Asian flavors in the market. Madame Chu currently carries 3 flavors of Southeast Asia condiments. They are sambal nyonya, ginger garlic, and satay peanut nyonya. Our company is currently focused on making these condiments with many more flavors slated for the future. Madame Chu is also planning to venture into the snack food and beverage sector.

Email: marrsvfmmeats@gmail.com
Alternate Email:
Website: https://www.marrsvfmmeats.com
Description:
As the fourth generation we own and operate the Marr family’s homestead farm located south of Mineral Point. Established in 1874, our land is nestled in the breathtaking Driftless Region of Southern Wisconsin. We raise Black Angus Beef for your dining pleasure. Our cattle are pasture and forage fed, with access to grains during finishing. They are always free to roam about at their own will. Since 1999, we’ve sold our Black Angus Beef products by the individual cut, quarters, halves and wholes. We partner with family friends to also offer a full line of Pork products to compliment our beef. We have a robust, 3 Meat CSA with pickup sites across Southern Wisconsin from Mineral Point to Milwaukee.

Alternate Email: 1farmgirl13@gmail.com
Website: morningbreezefarm.com
Description:
Our family farm consists of gentle rolling hills, with pastures extending across the land?perfect for grazing our herd of grassfed Murray Gray beef cattle. In addition to our beef cattle, we also raise pigs and grow vegetables. Our beef cattle are AGW World (AGW) Certified Grassfed and Animal Welfare Approved (AWA). Our cows are rotationally managed, grazing one section of pasture before being moved to fresh fields. This type of management allows the plants to recover before cows return to graze again and maintains soil health and nutrients. Rotational grazing both benefits our cows and the land. Carefully managing the pasture helps us ensure the cattle are eating quality forage which leads to high quality meat. Pasturing the cattle also allows them to enjoy a low stress lifestyle, and the Murray Gray and Angus cattle grow very well on pastures.

Original OvenWorks Pizza
Contact Name: Alan P. Lee
Address: N5765 Seymour Street
Glen Flora WI 54526
Phone: 715-855-1339
Alternate Phone: 715-830-0319
Fax: ale@ovenworkspizza.com
Alternate Email: http://www.ovenworkspizza.com
Description: OvenWorks Pizza was started in the late 1980’s by James “Jimmy Boy” Edming of Glen Flora, WI. This modest little pizza company grew to be a force within the frozen pizza market serving Wisconsin, Michigan, Minnesota and other remote locations. The OvenWorks Pizza Corporation was purchased in February 2006, by another Wisconsin family ensuring the commitment to quality, craftsmanship and the use of premium ingredients would remain the cornerstone of this product. The weight in our pizza is not in the crust like so many others, but our density comes from the weighty Wisconsin cheese, quality meats and premium sauces. A message from the owners of OvenWorks Pizza: It was our personal experience with these great pizza products that sparked our interest and eventually led us down the path of becoming the owners. From our very first taste we knew this pizza offered something different, something unique, something no other pizza offered in the frozen pizza category. We hope you too enjoy “Something Special From Wisconsin!” Alan & Wendy

Palo Foods Inc.
Contact Name: Matt Haas
Address: 955 Willow Drive Suite G
Sheboygan Falls WI 53085
Phone: 920-467-2300

Website: http://www.palopopcorn.com
Description: Beginning in a local kitchen in 1963, Palo Popcorn is a family owned, small batch manufacturer of gourmet cheddar popcorks based in Sheboygan Falls, WI. What started out as a company
supplying popcorn to corner taverns across Sheboygan County has now evolved into a brand available in Grocery, Convenience, Mass, Liquor, and Gourmet Food Stores from coast to coast. Palo Popcorn’s unique taste is the result of our hand-crafted process using high quality ingredients: pure coconut oil (nature’s healthy oil), non-GMO popcorn seed, and real cheddar cheese. Our popcorns contain No Trans Fats, No Preservatives, and are Gluten Free! We are passionate about making the best tasting cheddar popcorn available and hope you enjoy Palo Popcorn as much as we do!

Description: Our company has changed to Roadside Cucina and Cannery. We now process Augusta's Antipasto in our licensed kitchen. We co-pack for other businesses as well. We make our Italian family recipes using local in season ingredients and sell at local farmers markets and event. We also cater small events. Our family version of antipasto began with the second generation "Giordana's." They came from Italy to the Upper Peninsula of Michigan in 1906 and brought with them their Authentic Italian recipes. Our family gatherings traditionally began with antipasto, red wine, garlic bread, and animated conversations. My grandmother and mother were passionate about cooking for their families and it showed by preparation and presentation of delicious traditional Italian dinners. Watching these women cook influenced me greatly. I not only have the love for cooking, but the desire to teach and share with others. We have put together our families' recipe of antipasto to share with all of you. Antipasto literally means “before the meal.” The main purpose for antipasto...
Something Special from Wisconsin™
Alphabetical Company Listings

was to extend the meal. It started the meal followed by salad, soup, pasta with meat, and a light dessert. The abundance of courses was only part of the experience. The other part was the animated family conversation. The combination of antipasto and conversation maintained our family relationships. Augusta's Antipasto is named after my grandmother, a picture of my mother decorates the jar, and I've named my business with the thoughts of family. This recipe and the love of cooking continue today with my daughters' participation in continuing this tradition. We hope you enjoy our antipasto as much as we do. Sincerely, Diana

Alternate Email:
Website: http://www.SkardaMapleFarms.com
Description:
The Skarda family settled in Kellnersville, WI in 1861 and the land has remained in the family since that time. As farmers and blacksmiths, the early ancestors prided themselves on living off the land. The maple trees located on the Skarda property have been producing syrup for many years, and now it has been bottled for your enjoyment. We hope you enjoy our sweet, pure maple syrup; tapped and bottled with care by Skarda Maple Farms.

**Description:** The National Brewery Museum & Library(TM) is a volunteer non-profit educational organization under 501 (c) (3) of the Internal Revenue Code. The American Breweriana Association (ABA) lending library was founded in 1982 as part of ABA member services program. The collection has been assembled through the generosity of ABA members' donations. The library is open to the public at the National Brewery Museum and Library. All library resources are available to ABA members at the library or through the mail. The National Brewery Museum & Library is located in Potosi, Wisconsin in the remodeled historic Potosi Brewery. Every five years the annual meeting of the ABA is held within 100 miles or Potosi, Wisconsin with members coming from 50 states and about 24 foreign countries. Usually the annual meeting is held at either Dubuque, Iowa (19 miles away) or Madison, Wisconsin (about 100 miles away). In 2018 the annual meeting was held in Dubuque, Iowa for the 10th anniversary of the opening of the National Brewery Museum and Library at Potosi, Wisconsin. This year 2020 the National Brewery Museum Library will add something new. The Library will house "The U.S. Brewing Industry Research Center."

Alternate Phone: 920-248-9016
Fax:
Email: thendandelionfarmer@gmail.com
Alternate Email:
Website: http://www.thedandelionfarm.com/
Description:
Our owner, Deidre Sauer, was born and raised on a farm and all too familiar with handling organic ingredients. She learned soap making from her friend and mentor, Polly, and became enamored with the hobby. 400 bars of soap later, Deidre began gifting her products to family and friends, and selling them at the farmer?s market. In 2014, she began The Dandelion Farm as a small shop and has now expanded to a location of 4,000 square feet. Here at The Dandelion Farm, we make all-natural products like soaps, lotion, body products and more from ingredients that are either locally sourced or made in-house from our own farm animals. We wholeheartedly believe in the importance of holistic therapy to reduce stress and have recently added on-site therapy and massage rooms. We have a diverse and dedicated staff, from professional massage therapists to Deidre and her family. Every member of the team is passionate about our work here and that passion is reflected in our excellent customer service. We maintain a refreshingly positive environment here, and our staff has keen insight on all our products and services and how they best meet your needs. We run our business based on a simple philosophy and that is to make a positive impact on people?s lives, however possible. That?s why we treat customers like family, make all our products from scratch, and provide unique holistic therapy. This mindset stems directly from our Deidre, who believes in her products so strongly that she fills her house with them. Whether you?re seeking a complete detox of body and mind or simple self-care products, give us a call at (920) 361-0507 or stop by The Dandelion Farm for a visit.

**Alternate Email:**   
**Website:** http://www.themapledude.com  
**Description:** Welcome to The Maple Dude. Each year from about mid March to mid April we produce the some of the best pure maple syrup available. Maple syrup, sugar, cream, candy, cotton candy, cookies, ice cream, soda, coffee, almonds and more! We’ve been at this many years now but our maple tradition goes back much further than that. I learned the skill of “sugar making” from my father and grandfather. When you consider the fact that my family was the first to settle the central Wisconsin area we’ve actually been producing maple syrup since they arrived here from Germany in 1856. We take pride in what we produce. Hand crafted quality best describes what we do. While many producers use such practices as oil for fuel we use more traditional methods. We boil all of our maple over a wood fired evaporator. Making maple syrup is something we love to do. We hope you enjoy the products we produce!

Trout Springs Winery was Brown County’s first winery and vineyard. Our vineyard is 5 acres of French American hybrid grapes which we use to make award winning wine. We also are a class A trout hatchery, producing trout for stocking ponds along with processing for area restaurants. We manufacture a unique product from our grape pressings, a powder that we put into capsule form along with chocolates and cheese. The powder gives you all the health benefits of red wine without the sugar or alcohol.

White Winter Winery was founded in 1996 on the principles of sustainability, and utilization, to use what our region produces to make high quality products and to build coalitions and partnerships with growers, producers, and other businesses. We use regionally sourced fruits and honey. In this way we can sustain not only ourselves, but our neighbors as well. Our belief has always been that we should use what is grown in our own back yard, not ship it in from across the country or across the world. Too many times we, as consumers, look only for the cheapest price without considering the hidden costs of buying out of our area. Costs such as the hydrocarbon emissions of shipping cheap, mass grown, corporate farm raised produce across the country. Costs of importing cheap honey harvested in
foreign countries at a fraction of the actual production cost and dumped into the U.S. market. Costs of sub-standard wages and living conditions for people who have little choice if they want any work at all, just so we can have the cheapest price.

**Alternate Email:** driftlesscardingco@gmail.com  
**Website:** windridgefiberfarm.com  
**Description:** Windridge Fiber Farm is a small family run farm located in the rolling hills of Wisconsin's Driftless region. Using sustainable farm practices we raise both white and natural colored sheep for their exceptional fiber. The heritage Cotswold breed and Bluefaced Leicester sheep provide wool for rovings, dyed locks, art batts, yarns, raw and washed fleeces. We also offer a selection of farm themed gifts including wool felted sculptures, farm animal photography, and wool craft kits. Through our Adopt-a-Sheep and Sponsor-a-Sheep programs we educate others about life on the farm.
WisConian Delectables

Alternate Email: katrina.johnson311@gmail.com  
Website: https://worthysoapco.square.site  
Description:  
Worthy Soap Co. is owned by Katrina Johnson. The idea for the business emerged after the birth of her third child in December, 2019. As a single mother, Katrina faced her pregnancy scared and alone. Doubting that she could handle a baby by herself while working full-time, raising her two other children, and being a homemaker, she placed her baby for adoption. As difficult as this decision was, it seemed like her only real option. After months of depression and hopelessness, she gave birth to her baby boy. Upon seeing him, she knew that she couldn't possibly live her life without him. Having very little support and not even a single diaper for her baby, she prayed and cried, and trusted that God would provide for her family. Through this faith, her family's needs have always been met! In March 2020, in the thick of the pandemic, Katrina was forced to quit her job to stay home to care for her baby. Just months later, Worthy Soap Co. was born! Katrina has been making quality, hand crafted soaps right in the heart of Stevens Point, Wisconsin ever since, while cherishing every moment she is home with her children.

Description:
WWBIC is a statewide non-profit organization supporting small business owners and entrepreneurs by providing small business loans, educational resources, and 1-on-1 consulting. Although WWBIC's resources are available to anyone, WWBIC has a specific focus in reaching individuals who face barriers in accessing these resources such as women, people of color, low-wealth individuals, veterans, and rural populations.

Description: Zymbiotics, LLC makes award winning pre and probiotic naturally fermented foods such as Jeff's Zimchi (kimchi), Jeff's Vegan Zimchi, Jeff's Zauerkrat (sauerkrat), Jeff's Ginger Zarrots (ginger carrots) and Jeff's Beetz (fermented beets). We are a local company based in Milwaukee, Wisconsin. We strive to minimize our environmental impact and source as much of our ingredients, packaging and labels locally as possible. Our mission is to promote our products as well as the culinary and health benefits of fermented foods. We work very hard to produce the best fermented foods possible carefully monitoring the fermentation process so that our taste, texture and health benefits are at their highest level. We are also developing new recipes to help our customers find new and creative ways to use our products.
